Love is not getting, but giving; not a wild dream of pleasure and a madness of desire—oh, no, love is not that—it is goodness and honor and peace and pure living—yes, love is that and it is the best thing in the world and the thing that lives longest.—Henry van Dyke.

MEN ENTOMBED ARE STILL LIVING

Heroic Band of Rescuers Starts on Long and Perilous Journey to Carry Succor to Men

HOPE TO TAKE IMPRISONED MEN OUT ALIVE

Johnstown, Pa., April 30.—"Still alive" is the report brought to the surface today by the rescuing party that have been trying to reach the seven men who have been imprisoned in the Berwind-White mine at Foustwell, Somerset county, since last Friday, by a rush of water that filled all the headings of the mines.

Without food or water the men have been able to make known that they were not drowned, by tappings on compressed air pipes, signals that put renewed vigor into the men working at pumps to empty the mine sufficiently to enable the men to be brought out.

Nine pumps have been at work since last Friday night, and yesterday another one of immense size was added to the equipment. These ten pumps are emptying the mine at the rate of 2,000 gallons a minute and today it was expected that before many hours the men would be reached.

Physicians at Mine Mouth.

Physicians are at the mine mouth, with groups of relatives and the families and friends of the men thought to be among the imprisoned.

On the advice of the physicians preparations have been made to treat the men as soon as reached. When the water has receded to a level, permitting a man to wade into the mine, one man will be sent in with water, as this, the physicians say, the men will need most.

Liquid food will also be taken into them. This will be done according to the physicians in charge, as it is expected the men will be too weak to wade through the water and they would be in danger of falling in and drowning.

Cots, bandages and bedding have been placed in a tool house near the mouth of the mine, and a temporary hospital provided to cope with any injuries or illness the men may have suffered, has been made of the building.

Heard Sounds From Imprisoned Men.

Today for the first time since the accident, the relatives of the imprisoned men became skeptical, and to reassure them as to the nature of the tappings heard, a party was conducted into the mine to a spot where it could be demonstrated that the sounds came from the men behind the water and were not made by the rescuers above.

The mines closed down today, in consequence of which many men are idle. It is feared they may attempt violence against persons responsible for blasting through into the water-filled working in case their former fellow workmen are found to be dead.

Have Long, Perilous Journey.

Wading up to their necks in the black and muddy water, these men, crawling and stooping, will have a mile to traverse before reaching the heading where the prisoners are said to be located. Through the dark tunnels their way can be found only by feeling along the rough walls, as lights cannot be used, for fear of gas explosions. The party was sent in for fear that the unfortunates would attempt to come out in their enfeebled condition and meet with further accident.

At the mouth of the mine is a crowd of men ready to follow the four that have already started. These gangs will be sent in as soon as the water will permit of bringing a body out. The progress of the four rescuers will necessarily be slow and it is expected to be well toward night before any report will be heard from them.

Men Go Into the Mine.

Shortly after noon four men started into the mine in an effort to reach their unfortunate colleagues. They were forced to wade and in a crouching position, as the passage was but four feet high. There was sufficient room between the water and the roof to give a clear space for the men's heads. One of the four was a brother of Michael Bolya, the foreman, who is one of the unfortunates. Slung across the shoulders of the rescuers were water-tight cans carrying drinking

BOMB IS HURLED AT PRES. CABRERA

Attempt Made to Blow the Ruler of Guatemala to Pieces in Streets of the Capital City

HORSES KILLED BUT CABRERA UNHARMED

Guatemala City, Guatemala, April 30.—An attempt was made early today on the life of President Estrada Cabrera. While out driving a dynamite bomb was exploded near his carriage, killing the horses and wounding General Orellana, the chief of staff. The calmness of the president, who was not injured, is universally commended and the would-be assassins are condemned on all sides.

Cabrera was elected president of Gautemala September 9, 1898, succeeding President Barrios, and in March, 1905, he assumed the presidency for a second term. He was said to be very unpopular, was reported to have been shot at and wounded in April, 1905, and the following month it was again rumored that an attempt had been made to assassinate him. Later it was stated that the president had been accidentally shot in the leg.

In May, 1906, a revolution broke out against the administration of President Cabrera and Gautemala was invaded by the revolutionists from four points. After a series of encounters in which the regular troops of Salvador took part and were joined later by the armed forces of Honduras, the good offices of the United States were accepted by the belligerents, hostilities ceased and a treaty of peace between Guatemala, Salvador and Honduras was signed July 20 on board the United States cruiser Marblehead off San Jose, Guatemala.

Cabrera is declared to have ruled despotically and to have never appeared in public without an armed guard.

MEAGER DETAILS RECEIVED.

New York, April 30.—The Guatemalan consul general at New York, Dr. Bengoechea, received today the following official dispatch from Foreign Minister Barrios, informing him of the attempt on the life of President Cabrera.

"This morning at 8 o'clock and at the time that the president of the republic was passing, a bomb was exploded in one of the streets of the capital. Fortunately that high functionary was not hurt in this criminal attempt and orders have already been given that the proper investigation of this crime be undertaken. The only persons who were wounded were the chief of the general staff of the president, General Jose Marie Orellana, and the coachman. Public order is maintained unaltered.

(Signed) "Barrios."

MAKE LIGHT OF THE CRIME.

New Orleans, April 30.—Consul General Novella, of Guatemala, today received a cablegram here regarding the attempt to assassinate President Cabrera at Guatemala City yesterday. It was from Secretary of State Barrios, who said that orders had been issued at the Guatemalan capital to make light of the crime, and that all excitement had subsided. The president's coachman, as well as his chief of staff, was injured by the explosion.

THE DOUMA PASSES THE RECRUITING MEASURE

Bill for Military Reforms Goes Through—The Row in the Douma.

St. Petersburg, April 30.—The lower house of parliament today passed the recruiting bill by 220 to 194 votes. The house also adopted a resolution setting forth the necessity of decreasing next year the number of men to be called to the colors and passing a law abolishing the custom of providing soldier servants for officers and the using of troops for police purposes.

NEWSPAPERS ARE SILENT.

St. Petersburg, April 30.—With the exception of the Novoe Vremya, which holds itself outside of the ordinary press restrictions, not one of the morning papers today ventured to report yesterday's debate on the government's recruiting bill in the lower house of parliament, fearing suspension, and in their accounts of the executive session of the house referred only guardedly to the conflict between the house and the government.

The Rech, organ of the constitutional democrats, summarizing the work of the lower house up to the present, says:

"In spite of enormous difficulties and much friction the douma has made considerable progress, having organized fifteen committees to handle the principal problems of social reconstruction. A number of projects are ready for presentation to the house, including reforms of the court providing for the inviolability of the person and several financial laws which will be taken up immediately after the recess, while a measure providing for religious liberty and other laws will be reported at the end of May."

President Golovin is quoted in an interview published in the Slovo today as saying:

"The conditions are now so changed that there is no prospect of an early dissolution of parliament and there is ground to hope that the lower house will display creative activity resulting in the enactment of the necessary reforms."

Pandemonium Reigned.

Pandemonium prevailed in the lower house of parliament yesterday, when a most bitter attack on the army and government was made by M. Zuraboff, a socialist member. When the tumult, which was indescribable, was at its height, the members of the ministry who were present withdrew. President Golovin of the duma threatened to resign. When at last quiet was restored it was made known that the

HUSBAND BETRAYED HER TO RUSSIAN POLICE

Woman Revolutionist, Who Committed Suicide is Shown Honors.

St. Petersburg, April 30.—The funeral today of Mme. Madezhda Baradina, a well known revolutionist who committed suicide abroad, aroused the greatest interest in revolutionary circles on account of her romantic history.

Mme. Baradina was the daughter of a rich manufacturer of good social position and left her home to engage in the revolutionary propaganda. She was sent to Kiev, where she was arrested and imprisoned for two years, being released in October, 1905, on condition that she went abroad, where she met M. Baradina, who was known as an energetic member of the organization, and married him.

A few days ago Mme. Baradina accidentally opened a letter showing that her husband was a traitor who had successfully planned the arrest of an important group of terrorists and even proposed to bring his wife back to Russia in order to deliver her into the hands of the police.

The police advised him to delay the latter step in order to avert suspicion. Mme. Baradina after reading the letter took poison.

Her body was brought to St. Petersburg and was interred here today, the coffin being buried under wreaths of crimson flowers.

A CRIME IS FASTENED ON OHIO MAN BY HIS WIFE

Woman Says Frank Sheppe is Murderer of Marshal at New Boston.

Portsmouth, O., April 30.—Mrs. Kate Sheppe made a confession today that her husband, Frank Sheppe, a brick worker, murdered Town Marshal Arthur Rutter at New Boston on Saturday night. The motive for the murder was not explained. She was taken into custody at Bloom Switch, a small railroad point east of here, where Sheppe fled after the shooting. A sheriff's posse is scouring the hills of this section in the hope of effecting his capture.

URGES THE PARDON OF MAN WHO ESCAPED FROM PRISON

President Would Give John W. January Benefit of Reformation.

Washington, April 30.—President Roosevelt in a note to the department of justice today, expressed the opinion that John William January, of Missouri, should have his sentence commuted at once, or be pardoned outright. January was convicted some years ago of robbing a postoffice in Oklahoma and served the greater portion of a five year sentence at Leavenworth. He then escaped and after nine years of liberty was rearrested in Kansas City and returned to prison. Many petitions have reached the president asking for his pardon. He had lived in Kansas City under the name of Charles W. Anderson during the time he was at liberty, had succeeded in business and won a respectable position in society.

Shortly after his escape January, under his assumed name, secured employment and eventually established himself in business which he was successfully conducting at the time of his rearrest. He married and has a child.

President Roosevelt's action followed a visit of Senator Warner, of Missouri to the white house early in the day, accompanied by J. M. Kennedy, private secretary to Representative Ellis, of Kansas City. Senator Warner presented to the president a typewritten statement containing a synopsis of petitions signed by 2,500 persons representing bankers, business men, doctors, lawyers and judges of his state. He also told the president there was a petition circulating in Missouri already signed by 37,200 persons asking for January's pardon.

WAITS ON OFFICIAL NEWS.

Leavenworth, Kas., April 30.—Until official news is received from Washington, Major W. R. McCloughry, warden of the federal penitentiary here, will not communicate with William January, or Anderson, regarding any steps taken in his case. Up to noon today Major McCloughry had received no such notification.

BOTH GET LENIENCY.

Frank Murray, who was drunk on the streets last night and selling cheap jewelry, and Albert Racht, who is a driver for a coal firm and who has been on a spree, were the only prisoners in the city court today. The former was given an hour to get out of town and Racht's case was continued indefinitely on his promise to quit drinking and take care of his wife and five children.

TINNERS' STRIKE MAY BE INAUGURATED TOMORROW

Several Employers Halt at Wage Increase and Union Recognition.

Unless agreement, which does not now seem probable, is reached this evening, it is regarded as practically certain that a strike of sheet metal workers will be inaugurated in Fort Wayne tomorrow to enforce the demand of union workmen for a new working agreement and schedule, the chief points of which involve an increase of two and one-half cents an hour for the workmen and recognition of the union.

Negotiations for an adjustment of the matter have been under way for several weeks and during the past few days John E. Bray, of Kansas City, general secretary and treasurer of the Sheet Metal Workers' International Alliance, has been in the city, devoting his efforts to securing an acceptance of the new schedule prepared by the union workmen.

In a general way the workmen want the present scale of 25 cents to 32½ cents an hour advanced to a range of from 27½ cents to 35 cents, with not more than one apprentice to each six journeymen, and ask that all shops be exclusively unionized. The old scale has been in existence two years.

It is understood that three of the firms in the city employing tinners have signed the new agreement, and these will, of course, not be affected in the event that a strike is ordered. Other firms, employing a total of from twenty-five to twenty-eight men, have not yet signified their acceptance of the new scale. The matter is to come up for definite action at a meeting to be held this evening at the headquarters of the Federation of Labor, and in the light of the situation this afternoon it is believed that a strike will be ordered.

A LIFE INSURANCE AGENT IS UNDER ARREST

Charged With Forging Signatures of Policyholders to Ballots.

New York, April 30.—Jacob Frank, an agent for the New York Life Insurance company in this city, was arrested today charged with forgery in the third degree in connection with the recent election of directors of the company. It is alleged that the signatures of policyholders on some of the ballots cast were forged. The specific case upon which Frank was arrested is the alleged forgery of the name of Erhard Gerhard, a policy-holder insured by Frank's agency. It is said, however, that there are about 150 cases in all. Frank claims to have had permission from fifty or sixty of these policyholders to sign their names to the ballots. He also declares that he had no instructions to make use of the policyholders' names in this way but on the contrary that such use was in violation of instructions he had received from the insurance company.

No. 12.—Preston Snyder, farmer, Marion township, republican candidate for county clerk at last election; special venire.

A few minutes before 11 o'clock this morning the state announced that it was satisfied with the men in the jury box for the purpose of trying Charles Laughlin for the murder of Samuel Augsburger in September, 1906, in John Kennedy's saloon at Wallace and Lafayette streets, and after a short consultation the defense accepted the jurors and they were sworn in to try the cause.

Of the jurors, five are from the regular circuit court panel and seven from the special venire of sixty names selected several weeks ago. At the time of the acceptance, with the men excused for various causes, those who were unable to report on account of illness and those not found, only fifteen more remained on the list to be called to the box.

Judge O'Rourke permitted the jurors to retire for a short time and at 11:15 o'clock Prosecutor Dan B. Ninde began his statement of what the state expects to prove, prefacing his address by reading the counts of the indictment. He then went over the circumstances of the murder which have been repeatedly made public and which contained nothing materially different except that he stated he expects to show that Augsburger's death was due to a fracture of the skull produced by a blow with a billiard cue wielded by Charles Laughlin.

Begin Taking Testimony.

Harmon Barnes, the first witness called in the Kennedy case, was also the first placed on the stand in the Laughlin trial and his testimony did not differ in any detail from the story he has repeated a number of times.

He said in substance that he went from a car from which he was shoveling coal to the Kennedy saloon with Augsburger on the morning of September 6, 1906, and had a lunch and drank two glasses of beer. He then detailed the fight in which he, Arthur Cox and Charles Laughlin took part and said he ran from the Wallace street door of the saloon to avoid being struck with a billiard cue and did not see anybody strike Augsburger. A map of the saloon was produced and placed in evidence and is the same as used in the Kennedy trial. After the direct examination court adjourned.

The Afternoon Session.

At the opening of the afternoon session Laughlin took his place between his father and mother back of his counsel and indicated the keenest interest in the proceedings and the photographs and map. There was only a small crowd present when court convened and while the seats gradually filled the court room was not at any time uncomfortably crowded.

The cross examination of Barnes was devoted to the identification of a number of photographs of the interior of the Kennedy saloon and to locating the people in the place at the time. Special reference was made to the presence of Mike Kennelly and Barnes remembered having seen some one there but did not know who it was until he read about it in the newspapers. Barnes' story all the way through was exactly as he told it on previous occasions and

GIRLS WANT A HALF HOLIDAY AND TAKE IT

Employes at the General Electric Were on the Carpet Monday.

About twenty-five girls employed at the General Electric works on Montgomery street were up on the blue carpet yesterday afternoon as a consequence of their recalcitrant disposition Saturday afternoon. With the approach of warm weather, such as we enjoyed last Saturday, the girls circulated the idea that it was not desirable to work on Saturday afternoons. Many of them at first were willing to leave their work, but only about twenty-five when the time came made good their declaration against working.

When the girls reported for work Monday morning the manager told them to come around in the afternoon and he would have something to say to them. In the afternoon they were individually asked to step into the office, and many of them expected to be handed the blue slip. The manager informed them that their conduct was not subject for approval, but if they would not repeat the action they would be allowed to go back to work. They must have promised, for they all went back.

AERONAUT M'COY IS AWAITING FAIR WINDS

Postpones His Start for Washington in Balloon Until Tonight.

St. Louis, Mo., April 30.—Aeronaut J. J. McCoy stated at 1 o'clock this morning that he had been informed by the weather bureau that air currents from the west now prevailed and he immediately began arranging to start his proposed balloon flight to Washington, D. C., in the balloon America. Captain Charles De F. Chandler, United States signal corps, will accompany him. "We will start between now and 3 o'clock if the conditions are favorable," said Mr. McCoy.

Today is cold and almost wintry. The clouds hang low and the sun is obscured.

Later Mr. McCoy stated the flight would not be attempted until evening.

"The wind conditions are not as favorable as desired," he said, "but if they do not get worse, Captain Chandler and I will sail early this evening."

He said he desired to make a night start, if possible, and therefore deferred the ascension on that account. Under supervision of Aeronaut Leo Stevens, of New York, the balloon is being prepared at the Rutger Street Gas works for the flight.

A WARNING

AGAINST NEGLECT OF HEALTH.

Unnecessary Amount of Suffering—Prominent Physician Enthusiastic in Giving Advice.

While discussing what seems to be an epidemic of Rheumatism and Catarrh in this community judging from the great prevalence of these diseases, a prominent physician recently said:

"I am fully of the opinion that the majority of all such sickness is due to neglect of the kidneys. Just what the cause is I cannot say, but it is a fact that a great per cent of the population have some form of kidney disease, and not realizing the danger of so doing allow the condition to run on without treatment until the entire system is poisoned with uric acid and then Catarrh, Rheumatism and dangerous urinary diseases beslege the system and death or chronic illness results.

"If we could only get the people to realize the importance of treating immediately all irregularities of the kidneys much serious sickness would be avoided and the death rate of the community lowered.

"This inexpensive prescription, which can be filled at any good drug store, has been used with remarkable success: One ounce Fluid Extract of Sassafras, one ounce of Uriganum Compound and four ounces of Syrup of Red Clover Compound. Shaken in a bottle and taken in teaspoonful doses after meals and at bed time.

"This prescription if taken continuously for a short time will rid the system of all Uric Acid affections, Rheumatism, Catarrh and all kidney troubles and I would like to see all sufferers try it."

DEATH CLAIMS WIDOW OF A PIONEER CARPENTER

Mrs. Christina L. Walda is No More—Other Mortuary Matters.

Mrs. Christina L. Walda, 67 years of age and for more than fifty years a resident of Fort Wayne, died at 9 o'clock Monday evening at her home in Swinney Park place, death having been due to a complication of diseases. Mrs. Walda was the widow of Christian Walda, a pioneer carpenter of this city, whose death occurred fourteen years ago.

She was born in Germany, but came to America with her parents and two brothers fifty-two years ago. She was united in marriage forty-eight years ago to Ernst Brinkman, whose death occurred seven years later, and some years thereafter she was married to Christian Walda. Nine children survive. They are William E. and Charles E. Brinkman, C. F. Walda, H. C. Walda, Mrs. Henry Reiter, of this city; Mrs. F. A. VanArsdall, of Chicago; Mrs. C. E. Becker and the Misses Carrie and Christina Walda, of this city. There are several grandchildren. Mrs. Walda was a highly esteemed woman and was a charter member of Emanuel Lutheran church.

water and nourishing foods in liquid form.

Caused Great Excitement.

When the news that men had started in to rescue the imprisoned men spread about the mining hamlet, there was great excitement among the foreign element. Crowds of women and children rushed to the mine entrance and hampered the work of rescuers and were kept from rushing into the passages by force. Mrs. Bolya, whose husband is one of the victims of the accident, stood about weeping and calling for her husband, while his aged father, who is 74 years old, kept up his chants and prayers in the kitchen of the Bolya home, which he has not ceased for more than ninety-six hours since his son was trapped in the mine by the rush of water. Every ear is strained to catch the sound of the voices of the imprisoned men. The pumps are stopped every few minutes now, and men shout, but receive no answer save the strange echoes floating away in the gloom.

Fear Men Have Lost Their Reason.

Some of the rescuers were forced to stop working because of their mental conditions. The fearsome noises of the pumps and the splash of the inky waters, together with the gruesome surroundings, almost shattered their nerves and several were forced to ask for relief.

Fears were expressed this afternoon that the prisoners have lost their reason and that murder has been done in the frenzy that must have possessed them since their imprisonment has become so prolonged.

Rescuers Are Blocked.

At 3:30 Superintendent Meighan, who was one of the party of four, returned and reported that he had reached a point where there was not room enough between the water and the roof for the rescuers to breathe. He turned back while the three others continued their efforts and hoped to pass through the water by diving. With them they carried a temporary telephone with necessary wire to establish immediate communication with the mouth of the mine as soon as the victims are reached. The rescuers were then within about half a mile of the unfortunate men's supposed location. The hillsides are black with the crowds that have swarmed to the scene. It is said that it is but a question of a few hours before the men will be reached.

LID IS PUT ON BROADWAY.

Police Shut Up Hotels and Rathskellers Where Liquor Is Sold.

New York, April 30.—Captain McCluskey, the new chief of the tenderloin, shut up Broadway Sunday in eighty minutes. The proprietors of its rathskellers and art galleries were vastly surprised to find they are no longer immune from arrest for violations of the excise law.

"Chesty George" McCluskey, as Devery called him, chose a particularly shining mark in the Hotel Albany, the old Vendome. Robert P. Murphy runs the hotel "Big Tim" Sullivan lives there and it is whispered that "Big Tim" is financially interested in the hotel.

The news spread rapidly and the Desert of Sahara was a bounding brook compared to upper Broadway. The saloon keepers on the avenues were jubilant, but they were mighty cautious, for many plain clothes men swarmed through the precinct throughout the night.

Attorney Emil Franz, of Berne, was in the city last night on professional business.

THE DOUMA PASSES THE RECRUITING MEASURE.

rupture between the ministers and the duma might result in dissolution of parliament. Demands made upon the duma by the ministry were not complied with, and for a time it appeared certain dissolution would be the result.

Last night, however, Premier Stolypin expressed hope that the trouble might be smoothed over tomorrow. Whether it will or whether the duma will be dissolved on the morrow is a matter of conjecture. The constitutional democrats, however, believe the incident will be adjusted satisfactorily.

Calls Army Worthless.

The outbreak came during the first executive session of the duma, which was devoted to a debate on the bill fixing the number of recruits to be called to the colors.

After M. Zuraboff's harangue, in which he declared that under an autocratic regime the army was worthless except against the people and that it was beaten whenever it engaged in a foreign war, the ministers withdrew from the house and served an ultimatum on President Golovin that unless the offensive expressions were retracted by M. Zuraboff and the rule providing for temporary suspension was applied against him they would sever all future relations with the duma.

M. Golovin was unable to have the demand complied with, as the radicals supported their colleague solidly and the Poles refused to vote. The suspension and formal rebuke of M. Zuraboff, however, was pronounced by the president of the chamber, but this failed to satisfy the ministers, who subsequently ordered the government experts to withdraw from the evening session of the budget commission.

Calls Cabinet Meeting.

Immediately after adjournment, Premier Stolypin, who had not been present during the incident, summoned an extraordinary session of the cabinet, which apparently brought matters to an issue between the premier and the reactionary members of his ministry.

WILL STOP WORK MAY DAY.

Warsaw, Russian Poland, April 30.—The employes of the street railroads, the printers, bakers and factory employes have decided to stop work on May day and the authorities are taking energetic steps to forestall expected disorders. The police are making wholesale arrests of socialists and detachments of Cossacks will patrol the streets day and night until there is no further danger of trouble.

DRIVEN FROM HOME BY FLOODS.

Odessa, Russia, April 30.—One hundred thousand people are estimated to have been driven from their homes by the overflowing of the Dnieper, Dniester and Dvina. The inundations are more widespread than usual and have caused extreme distress over an enormous area.

he made a good witness on the points he covered.

Old Blackjack is Shown.

In the course of the cross-examination the blackjack which figured so prominently in the Kennedy trial was introduced and while the witness would not positively identify it, he said it looked like something he saw Kennedy take from a drawer behind the bar.

Martin H. Ankenbruck, chief of police, was called and identified a plat of the saloon as showing the conditions at the Kennedy saloon a day or two after the killing of Augsburger.

Theodore P. Crouse, the Pennsylvania fireman, was the next witness and his story as told in the examination in chief was the same he told before. He saw Kennedy standing over Augsburger with the blackjack and heard the sound of a blow but did not see one struck. He went out at the front door of the saloon during the fight and came back after it was over and saw Augsburger as he fell to the floor but does not know who hit him.

The state brought out the fact in the cross-examination that he did not see anyone in the rear end of the saloon. This was probably done to anticipate the testimony of Kennelly which is to be introduced in the shape of a deposition.

Crouse testified that when he left the saloon Laughlin was bleeding at the nose from a blow struck by Cox. There was no material evidence brought out in the cross-examination which was not long.

DISORDERS IN JAPAN.

Tokio, Japan, April 30.—Serious disorders have broken out at the coal mines near Horanai in the Hokkaido administrative district where 2,000 miners have struck work. The strikers burned the office buildings and a number of residences. Sharp collisions occurred between the strikers and police and numbers on both sides were wounded.

MELLEN TO SEE PRESIDENT.

New Haven, Conn., April 30.—President Mellen, of the New York, New Haven and Hartford railroad company, will leave New York this afternoon for Washington, for a consultation, as it is understood, upon railroad matters with President Roosevelt. The meeting was arranged by appointment with the president made some time ago.

FRANK JACKSON FIRES A BULLET INTO HIS HEAD

Former Fort Wayne Blacksmith Attempts Suicide at Ossian.

Frank Jackson, a former Fort Wayne blacksmith, attempted suicide in Ossian at 2:45 o'clock this afternoon, firing a bullet into his head. He is in a very critical condition and it is believed he cannot recover.

Jackson is about 40 years old, and is the son of Mr. and Mrs. John Jackson, of this city. He has lived at Ossian fr the past five years, and previous to that time resided for many years in this city. Some time ago Jackson sold his shop at Ossian to a man named Freiburger, of Fort Wayne, and since that time he has been in Freiburger's employ.

This afternoon Jackson went to a small store room over the shop where he has been employed in Ossian and fired the bullet into his right temple. No cause has been assigned for his act, beyond the fact that it is believed his mind may have been affected as the result of severe illness when a youth. Occasionally he has been noticed to act queerly, and a year or more ago disappeared for a period of three or four weeks, later returning but leaving his absence unexplained.

Jackson is married and has five children. His home life, so far as is known, has been happy. His relatives in Fort Wayne include his parents and five brothers. The father has for many years conducted a horse-shoeing shop on East Columbia street.

WILL HONOR JAP HERO.

Reception for General Kuroki When He Gets to Seattle.

Victoria, B. C., April 30.—On the arrival here of General Baron Kuroki and party, expected this afternoon, they will be received with a salute of seventeen guns fired from the fortifications at Work Point, and guards of honor will be furnished by local troops. Lieutenant Governor Dunsmuir will welcome the party on behalf of the Canadian government and invite General Kuroki and party to luncheon. The Japanese have arranged a procession and welcoming celebration.

LIVE STOCK MAN KILLED.

Kansas City, Mo., April 30.—A caboose, in which several live stock shippers were riding, was run into by a switch engine at Kansas City, Kan., today and partially demolished. Carl O. Rosell, 33 years old, of Leonardsville, Kan., was killed and five others were injured.

THREE DEAD; ANOTHER WILL DIE.

Train on New York Central Runs Into Gang of Section Men.

Rochester, N. Y., April 30.—An east bound accommodation train of the New York Central, ran into a gang of section hands two miles east of Batavia today, killing three of them outright, fatally injuring a fourth and seriously injuring the assistant foreman, Daniel O'Leary, whose leg was later amputated at a hospital in Batavia. The men stepped out of the way of a west boun dfreight directly in front of the passenger train.

POPULAR DISORDER IN MONTENEGRO SERIOUS

Sentiment of Revolt is Spreading Against Government.

Vienna, April 30.—The revolutionary movement in Montenegro, which is a military government, has been proclaimed and armed bands are reported to be marching on the capital, and it is assuming serious character, according to dispatches arriving here by way of Ragusa.

Disorder is said to be rapidly spreading throughout the country. The center of the discontent is at Andrievica, the headquarters of the Vassojevics, numerically the strongest clan in the principality of Montenegro. The rising is attributed largely to the alleged attempts of Prince Nicholas to override the constitution, which he bestowed on the country in 1905, and also to his incessant drain on the public purse.

The prince is accused of utilizing the taxes and other state funds to swell his private banking account. Even sums received from Emperor Nicholas and Emperor Francis Joseph from time to time for specific public purposes of Montenegro are said to have been diverted to the enlargement of the prince's income or spent in his attempt to ape the customs of the courts of more important countries.

The marriage of his daughter, Helena, to King Victor Emmanuel, of Italy, increased Prince Nicholas' ideas of his own importance with a consequent widening of the estrangement between the ruler and the people of Montenegro.

The grant of a constitution to Montenegro turned out to be a barren gift and as soon as this was realized dissatisfaction became pronounced and emigration increased so rapidly that 25,000 Montenegrins left the country during the first three months of this year.

IMPROVEMENTS ARE BEGUN.

The money contributed by the various churches throughout the city to the Hope hospital fund some weeks ago, and that was set aside for the interior improvement of the hospital, is being used now for that purpose. A number of decorators and painters are now engaged in doing the work, and the old matting is being replaced with new.

The money that was subscribed on the five-year plan by the factories and individuals will be allowed to accumulate for some time and then devoted to the general improvement of the exterior of the hospital building.

ECKLES ESTATE NOT LARGE.

Chicago, April 30.—The estate of the late James H. Eckles, president of the Commercial bank, and former comptroller of the currency, is said to amount to only $150,000. The property consists chiefly of real estate and bank stock, and by his will goes entirely to his widow and daughter.

SQUIRES TO MEET THE WINNER.

San Francisco, April 30.—"Bill" Squires, the Australian pugilist, has signed an agreement to meet on May 30 the winner of the Burns-O'Brien fight. The location is not named, but will probably be at Colma, near this city. Burns and O'Brien are to fight at Los Angeles May 8.

HELD FOR MANSLAUGHTER.

London, April 30.—A coroner's jury today declared "Pedlar" Palmer, the English pugilist, guilty of manslaughter in causing the death of Robert Choat, a gas house stoker of Deptford. Palmer struck Choat in a railroad car coming from the Epsom races April 24 because the man refused to stop singing when requested by Palmer to do so.

W. E. COREY RE-ELECTED.

New York, April 30.—William E. Corey was re-elected president of the United States Steel corporation at the annual meeting of the board of directors in this city today. All the other officers whose terms expired were re-elected.

GOULD WINS AT TENNIS.

London, April 30.—Jay Gould won the semi-final in the international amateur tennis championship games today, defeating Page in three straight sets, 6-0, 6-0, 6-2. Page was outclassed by the young American.

Gould and Pennell, the champion of 1904, will meet in the final tomorrow.

REMORSEFUL FOR HIS BRUTALITY, ENDS HIS LIFE

St. Louis Young Man Who Struck His Mother Shoots Self.

St. Louis, April 30.—At the inquest today into the death of Edward Linne, 24 years old, who committed suicide last night by shooting, it was developed that Linne had taken his life because of remorse in having struck his mother with his fist. He had been out of work as a painter for some time and yesterday his mother chided him for not making further effort to secure employment. In a rage, he struck her in the face. Later he returned and weepingly begged forgiveness, which she freely granted. Then he went into the cellar and shot himself.

ESCAPE HEAVY LIABILITIES.

Stockholders of Ohio Railway Corporation in Luck in Court.

Columbus, O., April 30.—The supreme court today affirmed the judgment of the Franklin county circuit court in the case of F. M. Marriott and others against Charles J. Davis and others and nineteen other similar cases brought to enforce the double statutory liability against the stockholders of the old Columbus, Sandusky and Hocking Railway company. This means that these stockholders will escape for different reasons the liability sought to be attached by these suits. The amount claimed under the suits was in the aggregate very large, the amount claimed from the Central Ohio people alone reaching more than a half million dollars.

CONVENTION IN DEADLOCK.

Republicans in Third Supreme Judicial District of Illinois Meet.

Decatur, Ill., April 30.—The convention of the third supreme court judicial district of Illinois today continued balloting for a republican candidate for the bench. Champaign and Macon counties combined in an effort to swing the convention, Champaign voting for Johns up to the sixty-third ballot, Johns secured forty-one votes. Then Macon voted for Philbrick, of Champaign county, to the sixty-ninth ballot, he getting fifty votes. Springfield voted for Johns, one ballot giving him sixty. On the seventy-ninth ballot Macon voted for Philbrick and twelve from Livingston voted for him, giving him fifty-eight. The deadlock continued when noon recess was taken.

WAS STABBED TO DEATH.

Italian Found Dead From Knife Wounds in New Orleans.

New Orleans, April 30.—With several stab wounds about the body, a man was found in a dying condition here early today by a grocery man who was awakened by several men quarreling in front of his store. Near the man was found a black cloth mask. The man was unable to speak when found and died a few minutes afterwards. Later the body was identified as that of Giuseppe Squatrito, an Italian. The police are working on several clues.

HEAVY SNOWFALL IN IOWA.

Three to Eight Inches Covers the Entire State.

Des Moines, Iowa, April 30.—Snow covers the entire state of Iowa from a depth of from three to eight inches. In Des Moines and Central Iowa it is eight inches, according to government report. Interviews with leading horticulturists today indicate that all the small fruit is irretrievably killed. The snow will do much good to grain and pastures, but the damage to fruits and some of the truck gardening is inestimable.

GREAT COAL BLOCKADE.

Superior, Wis., April 30.—With every coal dock at the head of the lakes working to its capacity, there are over forty boats waiting in the harbor for a chance to unload. The situation is without precedent, the receipts for the past twenty-four hours being the heaviest ever known, about 150,000 tons.

B. & O. TO PAY OFF BONDS.

New York, April 30.—The Baltimore & Ohio Railroad company has announced its intention to pay off the Chicago Terminal Transfer company's four per cent bonds on May 3. Payment will be made to the United States Trust company of New York which is now receiving the bonds in large numbers.

SHOW EUROPE THAT THEY ARE GOOD FRIENDS

Kings of Britain and Italy Emphasize Their Cordial Relations.

Rome, April 30.—King Edward while passing outside of Rome on his way to London today, was met by King Victor Emmanuel at a country station. Their majesties remained in conversation for about fifteen minutes. The courteous action of the Italian king in leaving Rome to say good-bye to the British ruler, is considered to be further evidence of the cordial feelings existing between the two sovereigns and as a desire to emphasize the good relations between Italy and Great Britain.

GO ON WITH RUEF CASE TODAY.

San Francisco Graft Trial Will be Given Another Start.

San Francisco, Cal., April 30.—The five additional jurors selected yesterday for the trial of Abraham Ruef on a charge of extortion make nine men in the box now sworn to act as jurymen. The peremptory challenges exercised yesterday leave the prosecution with but one peremptory challenge and the defense with but three remaining. To provide for the securing of the remaining three jurymen, Judge Dunne ordered the drawing of a new venire of fifty names and the trial will continue at 2 o'clock this afternoon, Elisor Biggy having been given until that time to serve the fifty subpoenas.

Of the subpoenas forty-seven had been served last night.

The grand jury will meet this afternoon at 2 o'clock. Unless the determination of officers of the graft prosecution changes at the last minute, as has frequently been the custom in the last two weeks, the inquiry into the conduct and condition of the police department will be continued at that hour.

BAIL FOR BILL BRITTON.

Man Just Tried for Feud Murder May Be Released.

Lexington, Ky., April 30.—In the circuit court here today Judge Watts Parker granted the application of Bill Britton, of Breathitt county, charged with the assassination of James Cockrill, of Jackson, July 23, 1902, for bail, fixing the amount at $7,500. The bond has not yet been signed. Britton was tried here last week, but the jury disagreed. At a previous trial he was sentenced to life imprisonment. He has been in jail here since December, 1903.

GERMANY WILLING TO LISTEN.

But Will Not Discuss Limitation of Armaments at The Hague.

Berlin, April 30.—The question of the limitation of armaments received a thorough ventilation in the reichstag today during a general debate on Germany's foreign relations. Speakers of various parties pointedly suggested to Chancellor Von Buelow that Germany should take no part in the discussion of the limitation of armaments at The Hague peace conference. Von Buelow, in reply, said that Germany did not object to letting other powers discuss the matter but would hold aloof. This statement was received with approval by the house.

GREAT FIRE IN THE SOUTH.

Large Part of Leesville, La., is Swept by Flames.

New Orleans, La., April 30.—A special from Leesville, La., says the fire which started at that place early this morning is now practically out. The loss is estimated at $200,000. The larger buildings destroyed were those of the First National bank, the Bank of Leesville, the Vernon News, B. H. Lyons Dry Goods company, Powell Weeks Dry Goods company, Leesville Drug company, City hotel and postoffice. The flames swept the entire business portion of the town burning three blocks.

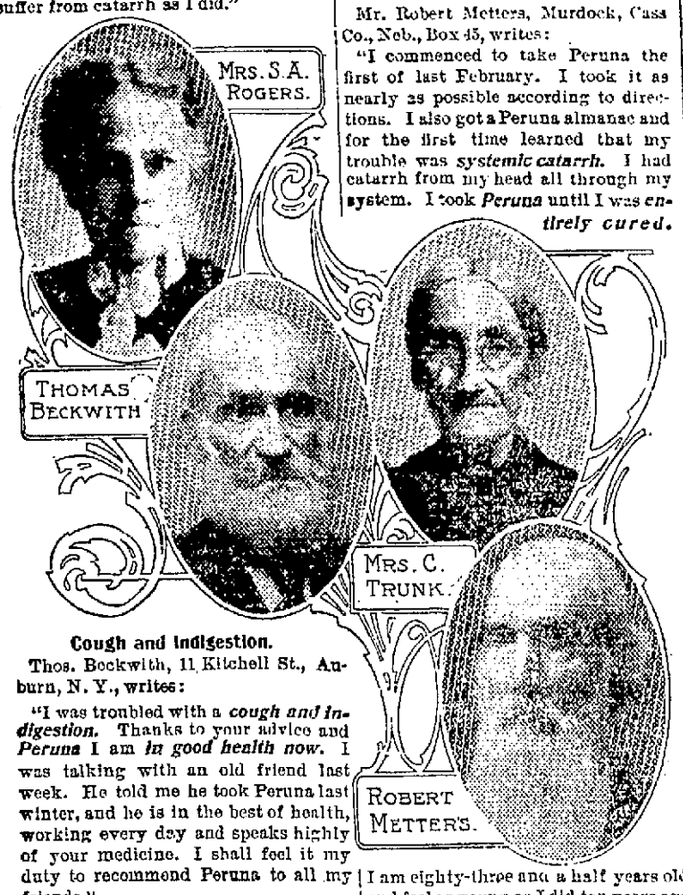
Catarrh Fifteen Years.

Mrs. S. A. Rogers, LeMoore, Cal., writes:

"I had chronic *catarrh of fifteen years standing*, and death seemed to stare me in the face. I tried several 'so-called' catarrh remedies, and without avail. I took fifteen bottles of *Peruna* and five bottles of Manalin, and I am *completely cured*. All the catarrhal symptoms are gone, my digestion is good, my appetite is good, and I rest well at night. I am seventy years of age and I hope to live many more years to praise Peruna to all my friends who suffer from catarrh as I did."



Cough and Indigestion.

Thos. Beckwith, 11 Kitchell St., Auburn, N. Y., writes:

"I was troubled with a *cough and indigestion*. Thanks to your advice and *Peruna* I am *in good health now*. I was talking with an old friend last week. He told me he took Peruna last winter, and he is in the best of health, working every day and speaks highly of your medicine. I shall feel it my duty to recommend Peruna to all my friends."

A great many testimonials from people of high rank and people in the ordinary walks of life, are received every month. Catarrh in all its phases, catarrh of the different organs of the body: acute catarrh, chronic catarrh, catarrh that has baffled other remedies—all these are giving to Peruna unqualified and unsolicited endorsement.

Rheumatism of Old Age.

Mrs. Caroline Trunk, 1705 Jefferson Ave., Peoria, Ill., writes:

"I had a very painful trouble for six years, consisting of *rheumatism* in the *back* and in the *thigh*. I used a great deal of medicine, but it did not help me. Then I used Dr. Hartman's *Peruna*, and two bottles of this *entirely freed me* of the rheumatism. I wish to keep both Peruna and Manalin always in the house. This is the best medicine that I can recommend any one to take for rheumatism."

Catarrh All Through My System.

Mr. Robert Metters, Murdock, Cass Co., Neb., Box 45, writes:

"I commenced to take Peruna the first of last February. I took it as nearly as possible according to directions. I also got a Peruna almanac and for the first time learned that my trouble was *systemic catarrh*. I had catarrh from my head all through my system. I took *Peruna* until I was *entirely cured*. I am eighty-three and a half years old, and feel as young as I did ten years ago.

"I visited recently among some old friends, who said I looked as young as I did twenty years ago. I thank you for your kindness to me, and hope you may live long to benefit suffering humanity."

"I believe Peruna is the best medicine in the world for all catarrhal diseases."—Mr. J. W. Palmer, 1416 Tower Ave., Superior, Wis.

THE RISE OF A GREAT CIRCUS MAGNATE

The Story of Ben E. Wallace, Indiana's Famous Amusement Manager—Comes from Good Old Stock and from Farm—Bred Boy He Makes Himself Head of One of the World's Greatest Show Enterprises.

B. E. Wallace, director general of the Hagenbeck-Wallace Combined Shows, which exhibit in Fort Wayne next Friday, is a resident of Peru, Ind., his beautiful home being located on the principal street of that thriving city. His name is familiar throughout the entire country, and though he spends much of his time in travel he is regarded as one of the valued and progressive citizens of Peru.

His grandfather, John C. Wallace, was a soldier in the war of 1812 under General William Henry Harrison in whose command he fought in the battle of Tippecance, and various other battles with the Indians in the Wabash valley. He was a native of Pennsylvania and continued to make his home in that state up to the time of his death. Ephriam Wallace, father of the subject of this sketch, was born in Indiana county, Pennsylvania, and reaching man's estate married Rebecca Elliott. In 1866 he came to Miami county, Indiana, locating on a farm in Washington township, where he spent his remaining days. He became the father of eleven children, of whom only three are now living. Benjamin E. is the only living son and his sisters reside in Chicago and in Pittsburg.

Benjamin E. Wallace was born in the Keystone state in 1847 and came to Miami county with his father's family in 1863. He was for a number of years engaged in the livery and stock business and has always had a special fondness for animals, studying their habits and modes of life until he has a comprehensive understanding of them.

In 1884 he established the nucleus of what has become this season the most extensive enterprise of its kind in the United States. It would be outside the limits of the space to give an extended account of his accomplishments in this direction. Suffice to say that from the beginning he has met with excellent success. In '84 his travels began with a wagon show and he made Virginia and Kentucky. The following year he traveled by steam from Pittsburg, exhibiting in various towns on the Ohio river and its tributaries. The same year he took wagons and closed at New Orleans, shipping the show home by rail. The next year Mr. Wallace began his travels by rail and since that time with his circus and menagerie he has visited every town of importance in the United States.

BEN E. WALLACE,

Of Peru, Ind., at Head of Great Hagenbeck-Wallace Combined Shows.

During all of the years which have elapsed since this enterprise was established as a wagon show he has kept constantly adding thereto, investing vast sums of money in the determination to make his one of the best circuses on the road. His combination with the Hagenbeck show this year was the master stroke of his career.

Mr. Wallace has a beautiful farm of 3,500 acres at Peru which affords elegant winter quarters for the vast menageries.

Besides the circus business Mr. Wallace is one of the largest stock men in this state. He has from a thousand to fifteen hundred head of cattle on his farm, is president of the Wabash Valley Trust company, owning the large majority of the stock, and has other valuable holdings, including the new Wallace theater.

Mr. Wallace is a public spirited and highly esteemed citizen and is deeply interested in the welfare of his home city and the progress of his adopted state.

ALT HEIDELBERG

—AT THE—

MAJESTIC TONIGHT

"Alt Heidelberg, the undisputed hit of the last years, will be presented in its original German version at the Majestic tonight by the well known German Theater company of the Pabst theater of Milwaukee, the same company who have "William Tell" here two years ago.

"Alt Heidelberg" is one of those few plays which are pleasant in every respect, replete with humorous scenes and a rejuvenating atmosphere.

It needs no knowledge of German to thoroughly appreciate the production of this popular play. The light comedy vein is inimitably brought out by the gestures of the players and the pathos of the parting between Prince Karl and Kathie needs no interpretation. The members of the company throw their whole souls into the production, and as a bit of stage realism the performance is a most impressive one.

The seat sale for this performance has already eclipsed that of any former German production, and undoubtedly the theater will be taxed tonight to its utmost capacity.

Rest is the great restorer. We tire our muscles by exercise and then rest to restore them; yet a great many of us do not stop to think how little rest we give to our stomachs. As a usual thing no part of our bodies is so generally overworked as our digestive organs. A tired and overworked stomach will give signs of distress to which we pay no heed until at last Dyspepsia takes hold. Indigestion is just a warning, and if we heed the warning we can easily avoid further consequences. KODOL is a most thorough stomach relief. It digests what you eat and gives the stomach the needed rest and greatly assists in restoring it to its normal activity and usefulness. KODOL is sold on a guarantee relief plan. It is sold here by all druggists.

The gold production of Australia in 1906 (Western Australia leading) was 3,431,921 fine ounces, against 3,648,793 fine ounces in 1905, a decrease of 216,872 ounces. The aggregate value of the gold output for Australasia in 1906 was $82,003,357. New Zealand's 1906 production was 532,922 fine ounces (included in value named but not in quantity.)

HARD TIMES IN KANSAS.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by Dreier & Bro.'s drug store. 50c and $1.00. Trial bottle free.

"Humpty-Dumpty" at the Academy this evening.

S. M. Hench is announced as a candidate for judge of the criminal court.

Peter Certia has returned from the far west. He has sold his property in Dakota advantageously, and will reside here.

The last meeting of the "Assemblies" club this season takes place at Mahler's dancing academy May 3.

The first iron will be laid on the Chicago and Atlantic railroad July 1, so Col. Gofford and the contractors inform us.

This evening the Fort Wayne Electric Light company will display twenty of the Jenney lights in front of business houses.

E. L. Cothrell, of the Kansas City Star, and wife, are in the city. Mr. Cothrell stole a march on his friends by getting married without consulting them.

Last night the Citizens' committee on shops met and discussed the situation. Little encouragement was offered that the New York, Chicago and St. Louis directors will locate shops here, though they have again been communicated with.

Mr. B. D. Angell gracefully handled the ribbons over the backs of a four-in-hand this morning. The horses were attached to the wagon containing Denier's band.

The republican members of the bar met this morning in the superior court room, Hon. L. M. Ninde presiding, with A. A. Purman as secretary, and adopted a resolution favoring the appointment of W. H. Withers as judge of the criminal court to succeed the late Judge Borden. The resolution was sent to Governor Porter.

Nominations for the city council were made in the democratic primaries as follows: First ward; Louis Brames; Second ward, Capt. C. Hetler; Third ward, Leopold Wolf; Fourth ward, William Yergens; Fifth ward, John M. Reidmiller; Sixth ward, J. Slon Smith; Seventh ward, John Wessel, sr.; Eighth ward, John W. Vordermark; Ninth ward, William Pape.

RISING BREAST And many other painful and serious ailments from which most mothers suffer, can be avoided by the use of "Mother's Friend." This great remedy is a God-send to women, carrying them through their most critical ordeal with safety and no pain.

No woman who uses "Mother's Friend" need fear the suffering and danger incident to birth; for it robs the ordeal of its horror and insures safety to life of mother and child, and leaves her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book "Motherhood," is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to Bradfield Regulator Co. Atlanta, Ga.

The Fort Wayne Sentinel

VOL. LXVIII.....NO. 230

Entered at the Postoffice, Fort Wayne, Ind., as second-class mail matter.

Daily, 10c per Week. Weekly, $1 per Year

TUESDAY, APRIL 30, 1907.

TONIGHT.

Miscellaneous—Board of safety; Fort Wayne Medical society.

Fraternal—Grand Fraternity; Order of the Red Cross; Wayne Castle, No. 2, Knights of the Golden Eagle; Home, No. 342, F. and A. M.; Wayne Tent, No. 54, K. O. T. M.; Edwards Camp, No. 3127, Modern Woodmen; Court of Honor.

Amusements—Majestic theater, "Alt Heidelberg;" Masonic Temple theater, vaudeville.

THE MONEY MUST COME.

The Sentinel does not by any means wish to give itself the seeming of any appearance of nagging at the community in respect of subscriptions to the Grand Army encampment entertainment fund, but the situation is such as calls for urgent measures. This encampment matter is coming rapidly to a point where it will cease to be so much a question of Fort Wayne extending hospitality to visiting veterans who come here upon invitation as of Fort Wayne preserving her credit.

With the encampment but three weeks ahead there has been pledged to the expense fund less than half the amount needed. Reflection upon the fact that cities a third to a half the size of Fort Wayne, and, in the case of at least one, less than a tenth the size of Fort Wayne, have readily and cheerfully raised larger sums than that now sought, it perforce appears that a sentiment not at all creditable to the city is uppermost here. If the matter is to be viewed only in a sordid light, then let it be said that the veterans and their friends and the big crowds of sight-seers that will come here encampment week will leave behind them enough spent money to make the encampment a profitable investment for the community, even at a cost in excess of that now estimated.

But the Sentinel does not believe that the event is contemplated in any sordid light. It believes that the people of the city have not fully awakened either to the magnitude and importance of the occasion or the obligation upon Fort Wayne to acquit herself with thorough credit in hospitable treatment of the veterans of the Indiana Grand Army of the Republic. The city, however, should at once arouse itself to a sense of the obligation it sought and assumed, and prepare to discharge that obligation in a matter befitting the second city of the state.

Mayor McClellan, of New York, and Charles F. Murphy, have signed a peace pact and arranged for delivery of spoils. Tammany is again to come into its own. What new variety of lemon it is that Chief Murphy has handed to William R. Hearst it will take Bill Devery to describe. Murphy after his break with McClellan turned to his more ancient and embittered enemy, Hearst, and to spite McClellan and rope him strictly to his official post, nominated Hearst for the governorship and really tried to elect him. It is hardly conceivable that anything could bring Hearst and McClellan together. The mayor is still fighting to hold his office and it is understood that one of the stipulations of this sudden and rather startling convention with Murphy is that Tammany is to employ its power to defeat in the legislature the measure purposed to afford Hearst a recount of the ballots cast when he ran against McClellan for Mayor. Taken altogether, it looks as though a very interesting situation had been created.

In Berlin there has just been published by an eminent military expert a striking book wherein it is predicted that the world's next great war will range the United States and Japan as antagonists and possession of the Philippines as the casus belli. Additionally there is the prediction that the Anglo-Japanese alliance will so be in full force and effect that Great Britain will side with Japan, while Uncle Sam will have the support of Germany. The author of this interesting book is Graf von Reventlow, a captain-lieutenant in the German navy and editor of the Armee and Marine. His eminence as an authority gives importance to his prophecies. It may not all or any of it come out, but if it does the United States will have a bully good ally who has the finest army that was ever on the planet and a navy that is worth while.

Socialist members of the Russian douma almost broke up the parliament game by declaring that the czar's army could fight worth while only at home. What the honorable member said may have been at the moment impolitic, but was it not obviously true? Doubtless what he had in mind was the unbroken succession of military disasters in Manchuria and the many "famous victories" achieved at home shooting down the people who have aspired to something more modern than absolutism in government.

Having been thoroughly thrashed by Nicaragua, Honduras is having fun with herself much after the fashion of a dog with a wisp of straw tied to his tail. A score or two of little revolutions are in progress each having for its object temporary but sufficient period of access to what may be left in the exchequer. At present there probably isn't much and the fun will soon wear itself out.

The western packers who were heavily fined for accepting freight rebates have lost all along the line. The federal court of appeals has just sustained the judgments of the court below. This practically settles the cases and the packers will have to stand the mulct.

The manner in which President Roosevelt is putting the test of loyalty to influential republicans in the southern states would seem to forecast that Charles W. Fairbanks will not find it convenient to do all of his summering at northern resorts.

All that Mr. Taft wants Mr. Foraker to make clear is whether he is running for the senate or for the presidency. Ready to fight him for either the large or the small stake, but which one must be specified in the articles of agreement.

ACTRESS IS STRICKEN DEAD.

Maude Harrison Attacked by Paralysis While Alone in Hotel.

New York, April 30.—Maude Harrison, the actress, while alone in her apartments at the Hotel Willard, Sunday, was stricken with paralysis and died a few hours later without having regained consciousness. She was 51 years of age, a sister of Louis Harrison, the actor, and when five years ago she retired from the stage in order to devote her time to the care of an aged mother she had earned recognition as a woman of talent.

Since her mother's recent death Miss Harrison had lived at the Willard and was preparing to return to the stage. Friends said that the actress had been sick for several days, but had not sought medical attendance.

Miss Harrison was for some years a member of the Daly forces and also appeared for several seasons under the management of A. M. Palmer. She had a part in a Belasco production at one time. Her last appearance was in "Naughty Anthony."

R. P. Roblin, premier of Manitoba, has announced that the government within 60 days will begin the construction of 1,000 miles of telephone and telegraph lines. This is a part of the public ownership's policy, which will involve an expenditure of $10,000,000.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better or worse by reason of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause* would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects *in any condition of the female system.*

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

JOHN D. NECLECTS PASTOR.

Oil King Does Not Hear Dr. Aked Praise Socrates.

New York, April 30.—The Fifth Avenue Baptist church Sunday morning was just as crowed as it was on the occasion of Dr. Aked's first sermon. John D. Rockefeller and John D. jr., were conspicuous by their absence.

The sermon was on "The Consecration of Curiosity." Dr. Aken said there was little wonder that the Greeks had killed Socrates. "An ugly, barefoot, flat-nosed, squat little man interfering in everything that did not concern him, asking everybody questions about all things, revealing to each one that he knew nothing at all when he thought he knew all there was to know and a little more besides.

"Yet a Socrates discharged an important function in the social economy," Dr. Aked continued. "A man who forces you to think, even when he irritates you, is your friend—a blessing to mankind."

Dr. Aked drew a contrast between the men of research of the past and the present generation, with its frivolity, superficiality, absorption in fashion or servitude to passion, while all the powers are laid waste with the mania for getting and spending.

"I understand," continued Dr. Aked, "that no American parent ever says to a boy or girl, as English parents say to their children, 'Don't ask questions.' They know it would be no use. Children ought to ask questions. They could not ask more—in this country. They might ask better. And it is yours not to repress curiosity but to direct it."

RADICALS STIR NEW REVOLT.

Crisis in Montenegro Following Cabinet's Rigorous Policy.

Vienna, April 30.—Dispatches received here last night report a revolt and grave political crisis in Montenegro. A military government has been proclaimed and Premier Tomanovics has tendered the resignation of the cabinet, which Prince Nicholis has refused to accept.

Armed bands are reported to be marching on Cettinje. Serious street fights have occurred at Podgoritza, thirty-eight miles north of Scutari and having a population of about 7,000. Several persons are reported to have been killed or wounded. The militia has been called out there and further conflicts are feared.

The trouble in Montenegro has arisen because of the campaign the cabinet inaugurated against the radical party. The government is accused of instigating the destruction of the printing offices of two radical newspapers at Niksicc and Podgoritza which had attacked the government and Prince Nicholas. This action of the cabinet has aroused anger throughout the country.

BRITONS LOSE ROWING RACE.

Alabama Jackies Take First Contest at Jamestown Exposition.

Norfolk, Va., April 30.—The first of the international boat races between the crews of warships gathered off the Jamestown exposition grounds in Hampton roads was rowed yesterday between boat crews from the British armored cruiser Roxburgh and the American battleship Alabama and Virginia.

The Britishers were left far behind after holding the lead for the first 100 yards and the Alabama jackies won from the Virginia's crew by a scant ten yards after a bow and bow struggle over the mile course.

DREAM SHOWS BURIED MONEY.

Reveals Treasure Which Long Search Failed to Produce.

Omaha, Neb., April 30.—The widow of Thomas Lewis, a Nebraska farmer, has through a dream discovered a sum of money amounting to several hundred dollars which her husband had buried. A long search had failed to reveal the money but it was found at once after the dream.

Pure White Lead is the Natural Paint Pigment

Numerous compounds are being offered to take the place of white lead as a paint, but no real substitute for it has yet been found. Pure White Lead has a peculiar property of amalgamating with the wood upon which it is used—added to this it has an elasticity which permits the paint to follow the natural expansion and contraction of the wood. Pure White Lead alone fulfills all the requirements of the ideal paint.

Phoenix Pure White Lead

is White Lead with its full natural tenacity and elasticity unimpaired by adulterants. Every keg of it bears the Dutch Boy trade mark, which is a positive guarantee of absolutely Pure White Lead made by the Old Dutch Process.

All lead packed in 1907 bears this mark.

SISTER WRONGED; YOUTH SLAYS

Girl Is Avenged by Bullets Brother Fires Into Man's Breast.

Macon, Ga., April 30.—Henry Smith, proprietor of the Smith printing plant, is dead from five bullet wounds inflicted upon him by L. D. Strong, a well-known dry goods clerk of Macon. The shooting occurred yesterday in front of Smith's office, 504 Second street. Strong claims that Smith had wronged his sister, Lillian Strong, 18 years of age, whose home is on Boundary street. In his ante-mortem statement made just before he died at the hospital, Smith denied that he was guilty of the charge. Strong has been arrested.

Rose from Indian Camp to Labor's Council.

HONORE J. JAXON.

Chicago, Ill., April 30.—Because the president of the United States recently addressed a letter to him concerning the Moyer-Haywood case, Honore Joseph Jaxson is immediately in the public eye. This, however, is the least of his claims to celebrity, for, owing to his activities since young manhood, he has acquired sufficient experience to make him an entire melodrama, with the addition of few stage settings.

Honore Joseph Jaxon was born May 3, 1861, a nomad in Jaxon's buffalo camp, within sight of Woody mountain, somewhere between Montana and the Northwest territory. Jaxon claims kinship with the Metis, the mixed people of the northwest, although he is less than half Indian, and in his veins course the combined bloods of the Welch, Scotch, English, French and Spanish. He was reading ancient history at five years, and at ten was well along in the schools of Toronto. He graduated from the high school and entered the university. Here he won honors and led his classes in Greek and Latin.

Louis Riel, the great leader, of the outbreak of 1869-1870, was the boy's hero, and he longed for the time when the exile should return to his own. It came just before the young man graduated. Riel was recalled, trouble was brewing in the northwest territory, and Jaxon, just out of his teens, started for the land of his father. He was made secretary of the great council of the Metis, and from that day he deserted books as his main study and turned to men and things.

In January, 1885, Chapleau, secretary of state for Canada, wrote to Jaxon stating that the Metis' petition would receive proper attention. But war was precipitated. The battle of Batoche was fought in May of that year and in November Riel was hanged.

Jaxon had been captured and was decorated with ball and chain. He was pegged to the ground and introduced to the "spread eagle." He was taken from Regina to Fort Garry, the military prison, from which he escaped and finally after nights of tramping and days of hunger, crossed the line into the United States at Pembina, N. D. Here he was kidnapped and started to the north once more. Again he escaped by jumping from a moving train and reached Crookston, Minn. He reached Chicago, January 22, 1886.

In the spring of 1886 came the carpenters' strike. Six thousand men went out and the treasury capital was about $800. Jaxon had become known as a university man and was assigned the duty of writing the pronunciamentos.

Given free rein, he organized an army of volunteers. They reported on non-union jobs as he directed, pummeled the workmen with their bare fists and chased them away, but seriously injured none. Six weeks of this sort of thing won the eight hour day, and Jaxon defends the method.

"We won principally by show of determination," he says. "There was nothing in the attacks that was personally malicious, but all for a principle. The fisti-cuffs, where necessary, were fair. No man was struck when down and no man seriously injured. I am opposed to force, and I prefer to suffer rather than fight, but there are times when war is necessary to preserve peace. I think the president himself would agree to that."

Indisputable Evidence.

You have read our oft-repeated statement, "In use for over 30 years." It was in the early sixties that the prescription now universally known as Castoria was first made use of. With a record of over fifty, under five years of age, out of every hundred deaths, it was the AMBITION OF EVERY PHYSICIAN to discover a remedy suitable for the ailments of infants and children that would decrease this distressing mortality. In Castoria that relief has been found.

Let us take the statistics covering the deaths in the City of New York for the past 30 years, and here we find the benificent effect of a combination of drugs excluding opiates and narcotics so long sought for, namely: CASTORIA.

Of the total number of deaths in New York City in 1870, 50 per cent. were under five years of age; in 1880, 46 per cent.; in 1890, 40 per cent.; in 1900, 35 per cent. only. Just stop to think of it.

Until 1897 no counterfeits or imitations of Castoria appeared on drug store shelves, but since that date Mr. Fletcher has been called upon to suppress a number of these frauds. While the record for 1900 does not come down to our expectation it is owing to the carelessness of mothers when buying Castoria. The signature of Chas. H. Fletcher is the only safeguard.

Miss Theresa Weaner, of Garrett, and Peter Weaver, of Fort Wayne, were married at Auburn Monday.

Mrs. Elmer Boughey, a well-known Noble county woman, died Monday at her home southwest of Kendallville.

Fifteen sacks of flour and feed were recently stolen from the flouring mill at Ashley.

The Boys' Christian league of the Methodist church at Hartford City will go into camp for a month at a farm east of that city this summer.

Abraham Weldy, a pioneer resident of Union township, Adams county, is dead at his home northeast of Decatur from paralysis, at the age of 70 years.

Mrs. Jane Shultz, who had reached the age of 95 years, died Monday at her home in Lima, Lagrange county, where she had resided for many years.

What is said to have been the finest team of horses ever sold in Adams county was purchased at Decatur Saturday by the S. F. Bowser company, of Fort Wayne, for $785.

Jonathan K. Haas, one of the oldest residents of Wabash county, died Monday at his home in Wabash at the age of 83 years. He was for many years a merchant and was very widely known.

Thomas Gallivan, an aged resident of Poneto, is critically ill from a fractured skull sustained when he and his son, John Gallivan, were thrown from their buggy in a runaway at Bluffton Saturday evening.

When his horses ran away Saturday morning, William Lennig, residing ten miles south of Elkhart, was dragged ten feet along the top of a barb wire fence, and his left arm and side were frightfully lacerated.

The remains of Joseph Jackson, who was for many years a cobbler at Lagrange, were brought from Chicago Monday for interment at Lagrange. Mr. Jackson was 77 years of age, and for several years had been living with his son, who is a prominent physician in Chicago.

The remains of Paul Klinard, the Wabash engineer who met death in the explosion of the boiler of the locomotive he was running near Moberly, Mo., Saturday, were brought to Garrett, his former home, for interment. Klinard was formerly an engineer on the Baltimore and Ohio road and resided at Garrett.

While at work in the gravel pit of the Fort Wayne and Springfield traction line north of Decatur, Lawrence Archbold, of Decatur, came into contact with a heavily charged wire and narrowly escaped death. He was rendered unconscious and has a severely burned hand where it came in contact with the electric wire.

William Roy, the Lagrange county man who was so frightfully burned in an attempt to save the life of his wife when a lamp which operated an incubator exploded and enveloped the woman in flaming oil Friday evening, died Sunday night at 9 o'clock, seven hours after the funeral of his wife, who had succumbed to her injuries. The two distressing fatalities have blotted out one of the most prominent families in Lagrange county, and the accident has plunged a wide following of friends in deepest sorrow. A son and a daughter, aged 14 and 16, survive the parents.

The report is current at Rome City that the G. R. & I. Ry Co., have been approached by two different entertainment organizations with propositions of leasing the island for the summer, one of the companies being said to have offered $2,000, and the other $5,000, for the privilege.

While it has never been officially made public, it is said at Kendallville that the verdict of the recent court martial held in Nelson post, G. A. R., is in favor of Postmaster George P. Alexander, the plaintiff in the proceedings, and is virtually a reprimand of Commander J. C. Vought and Adjutant W. P. Myers, who were charged with having been chiefly instrumental in expelling Alexander from membership in the post as a result of the nasty muddle stirred up over the postoffice fight in Kendallville. The decision of the court martial, bearing the approval of Department Commander Brown, was read at the session of the post Saturday evening.

The Ellenova dancing club will have an extra dance tomorrow evening in Hanker's hall which will be the last of the season under the auspices of this popular club. The members are privileged to invite their friends and a large attendance is expected.

Mrs. William Reeder, of Washington boulevard west, celebrated her birthday anniversary Sunday by entertaining friends at dinner. The table decorations were pink and yellow roses. In the evening a few friends called and suprised Mrs. Reeder.

The Emerald club perpetrated a surprise on Mr. and Mrs. L. P. Spanley, of 1630 Wells street, last evening, in honor of the fourth wedding anniversary of Mr. and Mrs. Spanley and the sixty-third anniversary of Mr. Spanley senior. Pedro was the enjoyment of the evening, followed by a fine supper.

The forty ladies who compose the South Side Aid society invited about one hundred other ladies to meet at the home of Mrs. W. J. Vesey yesterday afternoon. It was a regular meeting of the club, but on account of being a guest day there were more assisting ladies to the house hostess than usual. Among the projects talked over was the refurnishing of a room at Hope hospital, a room which this society furnished several years ago. It was decided to do so and a committee consisting of Mrs. Walter D. Miller, Mrs. Louis Curdes and Mrs. Phil Dixon was appointed to attend to the matter. It was also decided to hold a meeting in two weeks at the home of Mrs. John Ross, on Masterson avenue, and ask for a donation of linen articles for the room. All members of the society and ladies interested in its charity work are invited to attend and to contribute. A committee for the next meeting's arrangements consists of Mrs. Ross, Mrs. Brownsberger, Mrs. Sherman Archer and Mrs. J. F. Wing. Ladies who assisted as hostesses yesterday were Mesdames E. W. Cook, Val Gutermuth, Gus Hackius, H. Mackwitz, Bert Fonner and A. J. Vesey.

In the Chicago Tribune's "beauty contest" pictures of last Sunday, was a group of California pictures, among which occurs the name of Miss Helen VanSlyke, of Oakland, Cal. The picture is a profile and the resemblance to the older daughter of Mr. and Mrs. I. M. VanSlyke, former residents of Fort Wayne, is not marked, but as Oakland is the home of the VanSlyke family and Miss Helen was a very pretty young girl when she lived here the picture is probably one of her.

A novelty shower was given Miss Mary McVey, a bride-elect of May, at her home last evening. Miss McVey was surprised by the call of her friends and more so when they showered her with gifts. There were present Misses Alice O'Rourke, Marie Carpenter, Johanna Kocks, Mary Trautman, Emily Schneck, Etta Fuhrman, Maggie and Alice Motherwell, Nettie Castle, Gertrude Freese, Katie Lane and Messrs. TO BREAK GROUND FOR SHOW.

Work Will Begin June 1 on Alaska-Yukon Exposition.

Seattle, Wash., April 30.—Saturday, June 1, will be memorable in the history of Washington and Alaska as the "ground breaking day" of the Alaskan-Yukon-Pacific exposition of 1909.

The executive committee of the exposition at a meeting held here yesterday, decided to invite the governors and mayors of the surrounding states and cities as guests. The committee fixed the sum of $280,000 for expenditures on the buildings and grounds, which is an increase of $130,000 over the sum appropriated at the previous meeting. It was decided to lay out and beautify eighty-five acres.

HALF A FOOT OF SNOW FELL.

Milwaukee, Wis., April 30.—A rain and sleet storm last night developed into a fall of six inches of snow in this vicinity, most of which remains on the ground, the weather being cold enough to prevent melting. The storm was principally confined to the lake section.

Alonzo Ball, of Decatur, was in the city today en route to St. Joe.

CHILD'S LINGERIE HAT

CHILD'S LINGERIE HAT FOR SUMMER
PHOTO BY JOHN FISHER.

Children's lingerie hats will be as popular this summer as they were last year at mountain and seashore resorts. This style of headgear is particularly favored by tots and their mothers, too, for it is not only a protection against the hot sun but is dressy enough for afternoon wear.

These models may be quite plain, worked with the eyelet embroidery or made decidedly decorative, the brim and crown ornamented with tiny flowers, delicate vines or quaint scroll designs. White ribbons are also occasionally used to give a finish.

Natty Serge Coats in Box Style Worn by Children

Braid Trimming in Greek or Square Designs Much Used on These Light Weight Wraps — Breton Sailors Again Popular for Youngsters.

By Eliza Beth Lee.

The backward weather conditions just now are especially trying to mothers of small children. Winter toilets are too shabby, and while the spring wardrobe is quite complete, cold, rain and snow are responsible for the pretty frocks and wraps lying idle. So that the problem of smart dressing amid such adverse circumstances is indeed a difficult one, as every mother is finding out.

Especially puzzling is the question of the outer wrap; a long winter coat is too heavy and a short spring reefer is insufficient protection for the garment worn underneath, and so to meet present demands a medium weight serge would be practicable. Made in simple loose style such a coat long enough to cover the frock would be attractive if fastened up to the neck and closed a little to the left side. The sleeves could be in coat shape, wrist length and a loose belt would define a long waist line. The only decoration a fancy braid about an inch wide in brown set on in simple Grecian or square tab fashion, down the closing, on the belt. Rolling collar and cuffs would make a nice finish.

In each tab down the closing a large brown braid button could be set in, and altogether this would be one of the smartest wraps imaginable, just the thing for mid-season, and later on might be used as a jacket for mountain or seaside wear. This model is quite within the powers of the home dressmaker.

Of course it goes without saying that the braid should be put on absolutely correct. As an aid to the amateur the design should be marked out on paper, then cut out and basted to the cloth, covering with braid. The pattern may be removed or not after one edge of the braid is sewn on, the paper being cut a little narrower than the braid it will be entirely concealed anyway, and its presence may serve as a firm background in stitching this decoration. A little brown serge Tam o' Shanter, with a band of braid and a jaunty quill as a trimming, would complete a smart and seasonable toilet, especially if brown footwear be added.

The stylish Breton sailors have made their reappearance this season and are more charming than ever. Mixed straws in two or three colorings are trimmed with a scarf in two-toned glace silk, or in Roman stripes and tied in a bow at the left side front. For school and general wear there are few styles in hats that are at once so smart and practical.

Sailor frocks in striped ginghams go well with such a hat; reefer coats, too, and a Breton sailor model always look well together.

Brown in all shades is much worn, and is a color generally becoming to children, be they blond or brunette. Pale, delicate complexions are best set off by rich golden brown, the pale tans and fawns not being sufficient contrast to the light hair and fair skin, while the rosy cheeked little maiden may choose any shade from cream to seal brown and be a complete success sartorially.

Wash dresses of gingham, chambray and cotton voile are almost invariably made up to be worn with a guimpe for girls under twelve, misses preferring the jumper styles, although a good many of the latter are seen in modified forms, as the surplice effect and the deep cutaway round yoke, for use with a yoke of a contrasting material, the sleeves being of the dress goods. Again, one sees the strictly conventional jumper frock, so that the choice of a design may be entirely a personal matter or may depend upon the length of material at one's disposal.

Checks and plaids still hold their own, though stripes should be selected for the frocks to be worn by the plump or chubbie little girl, who will thus be becomingly clad and have the satisfaction, too, of knowing she is in the latest fashion.

BIG ADVANCE IN WHEAT.

Price Seems Not to Be a Normal but Local Condition.

During the latter part of last week the price of wheat in the local markets advanced five cents in price. This sudden rise in the price of the cereal was not a result of normal conditions, but merely a local inflation. The local millers have been having some trouble in getting enough wheat to supply the demand for their flour, and to divert the sales from the elevators advanced the price. The condition of the wheat crop in this section of the country is not a controlling influence in the rise, the dealers say.

THE GOOD MEN ARE TAKEN.

Economic Force of Geodetical Survey Taken by Private Interests.

Washington, April 30.—The constant draft on the "economic force" of the geodetical survey made by large mining organizations, which offer government experts much greater salaries than they get from the government is seriously impairing the efficiency of that branch of the service, says a survey report on the investigation of metalliferous ores in 1906. The report adds:

"It is only by years of practical experience in the field that a geologist, however excellent his preliminary training, becomes competent to carry on independent work in investigating a mining district, and the loss of trained men in this work is, for a time, irreparable."

DAILY LIFE OF QUEEN OF SPAIN.

Particulars of Queen Victoria Eugenie's every day life in her new country cannot fail to interest English folk.

Her majesty devotes much of her energy to making the palace a comfortable home. She is an early riser, and she and King Alfonso breakfast together in their private room, the meal being substantial and after the English style.

Her majesty's correspondence, which is extensive, is dealt with in the interval between breakfast and luncheon, when also she carefully reads the English and Spanish newspapers.

The queen drives each day to a country residence, where she walks in the grounds for close upon an hour. On returning she visits the queen dowager (her mother-in-law) and her sister-in-law, the Infanta Maria Teresa.

The midday lunch is served en famille. Afterward the queen devotes a short time to reading or answering her private letters and pays visits to public institutions.

After 5 o'clock tea the queen spends an hour at the piano, her favorite pastime, and also devotes some time to working for the benefit of the poorer classes, says Home Chat.

The royal dinner menus, which used to be in Spanish, are now written in French. The family parties, with which most evenings conclude, break up at half-past ten or eleven o'clock.

SOCIETY PLAYHOUSE.

It is easier than it was to get out of one's own station in life both upward and downward. Birth and brilliance have always admitted to the great playhouse of society, but today they take money at the doors.—The Spectator.

Apollo Club Concert

New Organization Triumphs in First Appearance—Miss Spencer, Contralto, Gives Rare Pleasure.

An audience of such numbered that it augured financial satisfaction and appreciation of the musical effort of the Apollo club greeted that organization at the Majestic theater last evening.

It was the first appearance of many prominent singers among the men of the city in an organization for chorus work and all credit is due to Prof. John B. Archer, director of the club, for his efforts along this line of musical expression. The work of the club was worthy of distinct praise from the evident time and study necessary to sing entirely from memory as was done, and by reason of many excellent indications of good chorus work, clearness of attack and delivery, careful phrasing, distinctness of enunciation and well modulated quality of voices expressing light and shade. There was an admirable degree of spirit about the work, too, that elicited recognition from the audience. A number of songs were sung without accompaniment and then there was a slight lowering of pitch at times, but it was not enough to mar the beauty of the concert. The solo work in the chorus was done by A. H. Breitt, tenor and Ferd Urbahns and Ernest Hesser, baritones. The audience was generous with applause and insisted on Mr. Archer coming out to bow his acknowledgment of his share. The Brahms' lullaby, "Rockin' in de Win," and "Winter Song" by Bullard, were the best numbers of the Apollo club.

Miss Jessamine Bailey, the regular accompanist of the club, aided the singers in several selections last night, playing with necessary spirit and enthusiasm, splendid tone and exactness.

The soloist of the concert was Miss Janet Spencer, an American contralto who had been heard previously by only a few Fort Wayne people.

Miss Spencer has a voice of rare beauty which she uses with consummate art, vocally, while her singing is indicative of fine intelligence and deep musical feeling. Only to the few is given a voice of such even melodiousness, with such sweet and persuasive timbre as Miss Spencer has been blessed with. The opening number, Verdi's "O Don Fatale," was sung with the technical skill and dramatic power necessary for an artistic rendition, and the warmth and passion of Miss Spencer's voice and the expression with which she sang the aria demonstrated her place in the world of great singers. Following these numbers, groups of French and Scotch songs were exquisitely sung, vocally and interpretatively. One would have liked to leave the theater with the tones of "Gae to Sleep" lingering in his memory, for it is a beautiful song and Miss Spencer sang it with a sweetness and tenderness that is not expressible in words. Miss Mary Willing, of Toledo, played Miss Spencer's accompaniments with such manifest teachnique as a pianist, such fine taste as a musician and with so great a degree of natural ability as an accompanist that she shared Miss Spencer's applause. Such beautiful accompanying is not often heard here.

Miss Spencer responded to encores several times, the last number being a composition by Mr. Archer, a pretty melody set to Scotch words. Mr. Archer played the accompaniment and Miss Spencer gracefully indicated the writer of the song when she appeared in response to the applause of the audience.

Pattern for Summer Negligee

—BY MRS. JANE FORD—

The design of this attractive negligee may be easily copied. It has a front yoke which is a marked feature of the imported models shown this season, and is tucked both back and front; the sleeves may be made as shown either in the front or back view. The pattern is cut in seven sizes, from thirty-two to forty-four inches bust measure. For a thirty-six inch bust measure, the dressing sack requires three and three-eighths yards of material twenty inches wide, or two and three-eighth yards thirty-six inches in width, ten and one-half yards of insertion, five and three-eighths yards of wide edging and one yard of narrow edging. Instead of buying new goods for this garment, discarded evening dresses may be used to make such a sack and it will be exceedingly pretty.

To begin this remodelling process rip the desired frock carefully apart and have it cleaned. This may be done satisfactorily at home if one is willing to take the trouble. If the material to be cleaned is silk, put it in an earthen jar and cover it with gasoline. After the jar is covered, so as to prevent evaporation, allow it to stand for several hours, then take the goods from this bath and place it in clean gasoline, rinse it out and hang in the open air for several hours. The silk will not need pressing. The gasoline, of course, must not be used where there is a fire or light.

To cleanse woolen materials, pour a quart of boiling water over five cents' worth of soap bark; this may be bought at any drug store. Before using, if the bark is tied in a thin muslin bag, it will do away with the necessity of straining the liquid. When cool, add more water and wash the cloth. Do not rub on a board. After the washing, rinse in clear warm water and press on the wrong side before perfectly dry. Even the most delicate colors may be satisfactorily cleaned by this method.

When cutting the sack, see that the best parts of the goods are used for the fronts and upper portions of the sleeves.

(These patterns are designed by Mrs. Jane Ford and published by The Independent-Peerless Pattern Co., 107 West Twenty-fifth street, New York.)

BROILED STEAK.

While porterhouse or sirloin steak are the approved cuts for broiling, even a tougher steak can be broiled if treated first in this way. Put three tablespoonfuls olive oil and one tablespoonful vinegar in a large flat dish. Lay the steak on the mixture and let it rest for half an hour. Then turn and let it rest another half hour in the same quantity oil and vinegar. Two inches thick is the approved thickness for a broiled steak. If broiled over coal the fire should be clear and bright. If under gas flame leave the oven door open that the air may circulate freely while the steak is broiling. A steak two inches thick will take about fifteen minutes to broil. To tell when meat has cooked sufficiently, press with the back of a knife. If it offers a slight resistance it is rare. If cooked to perfection the resistance will be a little stronger. Experience will soon teach this. Meantime have the seasoning for the steak prepared. Rub a hot tin plate with a clove of garlic, and place on it a half tablespoonful butter, a teaspoonful salt and a saltspoonful pepper or paprika. As soon as the steak comes from the broiler, place on this and baste with melted, seasoned butter. Transfer to a heated platter and dress with tomato, mushroom sauce or simply butter and fine minced parsley. Two or three thin slices of lemon rolled in fine minced parsley make a pretty garnish for the ends of the steak.

S.S.S. DRIVES OUT RHEUMATISM

The cause of Rheumatism is a sour, acid condition of the blood, brought about by indigestion, chronic constipation, and the accumulation in the system of refuse matter which the natural eliminative organs have failed to carry out. This refuse or waste matter ferments and sours, generating uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism gets possession of the system. One may also be born with a predisposition or tendency to Rheumatism, because like all blood diseases it can be transmitted from parent to child. The aches and pains of the disease are only symptoms which you may scatter or relieve with liniments, plasters, blisters, etc., or deaden with opiates. As soon, however, as such treatment is left off or there is any exposure to cold or dampness, or after an attack of indigestion or constipation, the wandering pains, sore muscles and joints, and tender places on the flesh return, and the sufferer finds that he has merely checked the symptoms while the real cause of the disease remains in the blood. Rheumatism can never be cured while the blood remains saturated with irritating, pain-producing uric acid poison. S. S. S. cures Rheumatism by driving the cause out of the blood. It thoroughly cleanses the blood and renovates the circulation by neutralizing the acids and expelling all foreign matter from the system. S. S. S. stimulates and invigorates the blood so that instead of a weak, sour stream, constantly depositing acrid and corrosive matter in the muscles, joints, nerves and bones, the body is soothed and nourished by rich, health-sustaining blood, which completely and permanently cures Rheumatism. S. S. S. is composed of roots, herbs and barks which possess both purifying and tonic properties—just what is needed in every case of Rheumatism. TRADITION IS OUTRAGED.

Governors of North and South Carolina Are Both Prohibitionists.

New Haven, Conn., April 30.—The famous salutation between the governor of North Carolina and the governor of South Carolina is now, for the time being at least, a historical back number. The fact was learned by Governor R. S. Woodruff, of this state, while attending the reception of Governor Swanson in the Virginia building at the Jamestown exposition last Thursday night. The Carolina governors, who had never met, were brought together by Connecticut's governor. Governor Ansel, of South Carolina, and Governor Glenn, of North Carolina, clasped hands warmly, and while they were expressing mutual gratification over the meeting Governor Woodruff stood expectantly. Finally he remarked:

"And now, gentlemen, I presume I shall have the pleasure of hearing a repetition of the famous remark of the governor of North Carolina to the governor of South Carolina."

Governor Ansel responded at once: "Your excellency, as I am a prohibition governor and a teetotaler, I cannot make it sincerely."

And to the amazement of Governor Woodruff and Governor Ansel as well, the other Carolinian added: "Being a prohibitionist myself, I, too, must suffer the remark, at least literally, to remain a matter of history."

HIS DEAR OLD MOTHER.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affects the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children, too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles by Dreier & Bro., druggists. 50c.

WILL ERECT NEW HOUSE.

Girls at State Institution Will Have Another Cottage.

The trustees of the Indiana School for Feeble-Minded Youth, Mrs. J. B. Harper, Ed M. Wilson, of this city, and James W. Sale, of Bluffton, Monday afternoon received bids and awarded the contract for the erection of the new custodial cottage for girls, and for improvements to Sunset cottage. The contracts were awarded to John Suelzer, for the general work, and for the cut stone to William Geake. The contract in the aggregate will amount to nearly $14,000. The new building will be located east of the present girls home, and will be two stories high. The work will be begun at once, and the contract stipulates that it shall be completed and ready for occupancy by October 1. More than a dozen bids were submitted by well known contractors.

A WOMAN TELLS HOW TO RELIEVE RHEUMATIC PAINS.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by all druggists.

Professor Slaby recently delivered an interesting lecture on wireless telephony in the great hall of the Technical High school at Charlottenburg. The emperor, who has made experiments in that direction himself, was present with the empress. Communication without the aid of wire was established between the high school and the telephone building, and the result, according to the kaiser's verdict after he had taken part in the conversation, was highly satisfactory.

CURED OF RHEUMATISM.

Mr. Wm. Henry, of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm and wrapped the arm in flannel at night, and to my relief I found that the pain gradually left me and the strength returned." If troubled with rheumatism try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by all druggists.

Statistics show that there are now in the United Kingdom 27,940,260 persons carrying life insurances for a total amount of nearly £2,000,000,000. The total amount of premiums paid is about £37,000,000.

"Good for anything a salve is used for and especially recommended for Piles." That is what we say about DeWitt's Carbolized Witch Hazel Salve. That is what twenty years' of usage has proven. Get the original. Sold by all druggists.

NO PIANO EVENT IN THE BRILLIANT HISTORY OF THE JACOBS PIANO COMPANY STORE EVER PROMISED TO BE SO GREAT A SUCCESS, FOR NEVER BEFORE HAVE WE BEEN ABLE TO OFFER SUCH A REALLY WONDERFUL LIST OF PIANOS AS ARE IN

This Great Sacrifice Piano Sale

SALE NOW GOING ON

We have purchased the Chickering Chase Bros. Stock from the Kinsey Music Company, comprising the well-known line of Chase Bros., Harkley, Boltwood and Carlisle Pianos and we will offer them to the public at the greatest price reduction Allen County has ever known.

These Pianos MUST BE SOLD Regardless of Cost—Our Terms Are $1.00 a Week

for Pianos under $150. Proportionately terms at one-third the price ever offered for these high-grade Pianos before.

This is the Greatest Piano Sale ever known in the history of the piano business in the city of Fort Wayne.

Why?

It Is the Greatest Because of the great quantity of the highest grade of Pianos offered for sale.

It Is the Greatest Because of the extremely low prices at which they will be sold.

It Is the Greatest Because of the exceptionally low terms being made—terms to suit your convenience.

It Is the Greatest Because it is absolutely bona-fide in every respect.

Any parties considering the purchase of a piano in the future cannot afford to overlook the Great Price Sacrifice Sale. Not only will this sale comprise the Chickering Chase Bros. stock purchased from the Kinsey Piano Company, but owing to our limited floor space and the arrival of our spring stock every day, we will be obliged to sacrifice all goods on the wareroom floors consisting of Mason & Hamlin, Kranich & Bach, Krakauer, Shonninger and a dozen others to make display room for our fast increasing spring stock for which pianos are arriving every week.

WAR OVER, HONDURANS BEGIN TO AMUSE THEMSELVES

Politics Splits Up the Country—Rivals for Presidency.

Puerto Cortez, Honduras, April 23, via New Orleans, April 30.—The Honduran revolutionists, having overthrown the government with the assistance of Nicaragua, are now fighting with each other, and chaotic conditions which outdo any opera bouffe war ever conceived prevail. Most of the trouble in the last few weeks has been caused by a novel scheme of government devised to satisfy the soul hunger for office of as many of the "patriots" as possible. No two cliques could agree as to who should be president, so an understanding was patched up whereby different men should take turns, each being a really-truly president for fifteen days. Even that didn't work, and battles in the streets of the capital city resulted.

A letter, which escaped the censorship and arrived here, says that the troops of the junta opened hostilities among themselves April 8. Three of the leaders, Rosales, Bustillo and Castro, formed the agreement to take turns as president.

It developed, however, that each during his term attempted to strengthen his party by dividing up the patronage where it would do him most good.

Finally the friends of Policarpo Bonilla proclaimed Bustillo provisional president, without any fifteen-day clause, and the opposing factions did the same for Rosales. Then fighting began.

Troops of both sides occupied what is known as University place, adjoining the palace. Rosales, from a window of the presidential palace, shouted to his partisans to open fire. The other side replied, merchants shut their shops and a battle was on in the principal streets of Tegucigalpa. Badly aimed bullets showered upon the houses, but caused only seven deaths.

A dramatic, almost comic, ending closed this battle, when General Leguai R. Davila, who is now provisional president, rushed among the combatants and persuaded their leaders to stop the fighting.

Later another battle was started near the town, but this time the Nicaraguan invaders marched up and literally arrested all the troops of both factions. This effectively stopped the fighting. Not a shot was fired by the Nicaraguans. Later Davila became president, with the faction leaders holding the ministerial offices.

The Nicaraguans continue to police the capital, and it is safe to say that if President Zelaya withdraws his forces from Honduras, the strongest faction will take possession and proclaim a president of its choice.

These conditions may make it necessary for the American gunboats to continue indefinitely their protection over foreign interests. Already forced loans in Tegucigalpa and the infusion of paper money in the currency have about paralyzed the commerce of that city and of Camayaqua. These conditions would likely extend to the coast towns within forty-eight hours after the departure of the American blue jackets.

BOY AFFRONTS; LYNCH FATHER

Negro Bumps White Woman, Argument Ensues and Parent Is Slain.

Seale, Ala., April 30.—Death was meted out to a negro yesterday by a mob of infuriated citizens, the cause being an affront offered a white woman by the negro's son in Pittsview Sunday. The woman was walking along one of the principal streets of the town when the negro approached and brushed her as he passed. Yesterday Eb Calhoun, the father, was stopped by D. B. Mitchell, a traveling man of Columbus, and in the encounter which followed Mitchell was shot a couple of times in the arm and seriously injured. The negro made a determined effort to escape immediately after the shooting, but a number of citizens started after him, and within a short time found him and shot him to death.

Mystery in Taking of Poison by a Wealthy St. Louis Divorcee.

St. Louis, April 30.—Mrs. Emma A. Scheer, daughter of B. Howe, wealthy, of 264 East Fourth street, Winona, Minn., and divorced wife of a resident of St. Paul, Minn., died from swallowing carbolic acid yesterday in a rooming house she conducted at 2615 Olive street. Her twelve-year-old daughter, Myrtle, says her mother and G. H. Dalton, of the Dalton Electrical Supply company, had awakened her by talking loudly, as if quarreling. Myrtle said Dalton was constantly in her mother's company. The girl discredits Dalton's statement that her mother had received a letter from her divorced husband. Mrs. Scheer was found while Dalton was out, he says, getting breakfast.

POINTS FOR SMOKERS.

Ways to Use Tobacco Without Injuring Your Health.

If you will observe the following rules you may smoke as much as you like without any harm.

In the first place, smoke a good cigar. In the second place never light a cigar the second time. The other rules are never to stay in a cloud of smoke, and never chew the end of a cigar.

The first rule to smake a good cigar, of course, means to smoke a Wadsworth Bros.' Chico, for which Ranke & Nussbaum are the local agents.

"Although the Chico cigar is made with a long clear Havana filler," says Mr. Ranke, of Ranke & Nussbaum's drug store, "and is equal in flavor, fragrance and all qualities that go to make a good smoke to any of the ten and fifteen cent brands, yet it sells for only five cents.

"We buy direct from the maker, thus saving any middleman's profit, and in the Chicos give our customers the best smoke for their money that we have ever seen.

"If there is anyone in Fort Wayne that has not yet tried the Chico we want him to come in today and get one. A-23-25-30

PURCHASERS OF LOTS IN THE DREIBELBISS FIRST ADDITION

William F. Bohling has purchased Lot Number 17 in Dreibelbiss First Addition. This lot is fronting on Piqua Ave.

John W. Chappel, has purchased Lots 18 and 19 in Dreibelbiss First Addition, both of these lots face on Piqua Ave.

Mary E. Wolf purchased Lot 22, fronting on Piqua Ave., in Dreibelbiss First Addition.

Mrs. Sallie Sanders has purchased Lot Number 25, fronting on Piqua Ave., in Dreibelbiss First Addition.

Miss Susan Martz purchased Lot Number 26, fronting on Piqua Ave., the same lady also purchased Lots Numbered 134, 144 and 147, all three on the west side of Calhoun street, in the Dreibelbiss First Addition.

Anselm Fuelber, editor of the Staats-Zeitung purchased Lots 27 and 28 fronting on Piqua Ave., in the Dreibelbiss First Addition.

Mr. U. S. Stock purchased Lot Number 29 fronting on Piqua Ave., in the Dreibelbiss First Addition and immediately resold the lot to Frank J. Voirol, who is the owner of lots numbered 30 and 31. Mr. Voirol now has three beautiful lots in one body.

Henry C. Niemeyer has bought lot number 106 on the east side of Calhoun street, in Dreibelbiss First Addition.

Dr. Christian Martz owns the handsome Calhoun street lot Number 115, in Dreibelbiss First Addition.

Mr. George W. Freiburger bought the highest priced lot on the west side of Calhoun street in the Dreibelbiss First Addition, Lot 143.

Among the principal reasons for the rush for the lots in the Dreibelbiss First Addition is the fact that RAPID STREET CAR SERVICE equals any in the city. From the corner of PONTIAC and Calhoun streets, where lots would readily sell for more than $2,000.00, a two minute ride on the SOUTH CALHOUN street car will bring you to OFFICE in the center of the handsomest addition of lots in this City. Prices for lots three-quarters to four-fifths less than on PONTIAC and CALHOUN. Only two minutes ride distance. The wise people who know there is but one CALHOUN STREET in this city are buying the lots.

Take "Pontiac" Street Car, ask conductor for transfer to the Calhoun Street Short Line, get off at the office in the center of Dreibelbiss First Addition. After viewing the premises step into the office and receive a return car ticket to any part of the city FREE.

DOG IS ACQUITTED ON FACE OF HIS OWN TESTIMONY

Takes Stand, Refuses to Bark and Proves He is Not a Disturber.

New York, April 30.—Claude, a black and tan dachshund, was in the witness chair in special sessions court yesterday and without uttering a sound established such an alibi for himself that he was acquitted of a charge of disturbing the peace. This, too, although he had every reason to be irritated and of ugly disposition, for he had been in the court room for several hours—long enough to rumple any dog's composure.

In obtaining court proof of his good breeding he made life pleasant for his mistress, Mrs. Fanny Henning, of 521 West Fourteenth street.

Miss Marion H. Carter, a writer and artist, had made the accusation against Claude and his owner. Miss Carter lives in 504 West One Hundred and Forty-third street, in the rear of Mrs. Henning's home. She had complained that Claude barked incessantly, and that he made life weary for her and other residents. To support her contention she exhibited scores of photographs of the dog with his mouth open. These, she said, she had taken from her window. With each was a typewritten statement telling the date, the hour and the exact circumstances of Claude's alleged offense.

Mr. and Mrs. Henning were their own witnesses until Claude was called. The husband said he and his wife were under treatment by a specialist for "nervousness brought on by the noise of the neighborhood."

Charles E. Wood said he had tried frequently to make Claude bark, but the animal would not. Then Claude was called. Leisurely he walked to the witness chair and listlessly he climbed to the seat. Then he stretched himself, yawned lazily, and, turning on his side, blinked in the sunlight. Miss Carter and others did their best to force him to bark. They tickled him in the ribs, rubbed his head roughly, pinched his hide and pulled his ears. But not an ungentlemanly whimper from Claude. He just yawned and blinked.

When the judges decided that Mrs. Henning was not guilty of disturbing the peace she took Claude in her arms, hugged him affectionately and hurried out of court.

Two Thousand Immigrants Attend Mass on Ship.

RELIGOUS SERVICES ON BOARD THE ITALIAN S S RE D'ITALIA -THE ALTAR

PHOTOS BY [illegible] LEY

IMMIGRANTS AT MASS

New York, April 30.—Two thousand immigrants on board the new steamship Re d'Italia, of the Lloyd Sabaud line, joined in the celebration of the high mass of the Roman Catholic church at 9 o'clock Sunday morning while the ship rubbed its sides against Pier B of the Pennsylvania railroad, at the foot of Grand street, Jersey City. It was the maiden voyage of the Re d'Italia, and the mass had a double significance, it being the first offered on board any ship of the line in a foreign port.

Aft of the first-class deck, and overlooking the second deck, was an improvised altar, a large brass crucifix occupying a place in front of the tabernacle. The officiating priest, Rev. Isacco M. Lanfranchi, chaplain of the vessel, was assisted by Rev. Augustin Bandizzone, who is on his first visit to the United States to take up missionary work in St. Louis. He acted as deacon at the mass.

Raw wind, blowing in from the lower bay, and a drizzling rain did not prevent the 1,972 steerage passengers and thirty-one cabin passengers from remaining throughout the service on the open deck. In his sermon Rev. Father Lanfranchi advised the immigrants to observe the laws of the land in which they were to make their homes and to follow the teachings of the church, so that in the end they might be welcomed as citizens by the land of their adoption.

CAR SERVICE RESUMED.

Traction Strike in Salt Lake City Brought to an End.

Salt Lake City, Utah, April 30.—Street car service in Salt Lake will be resumed today after suspension since Sunday. After the electrical workers had practically decided to go out in sympathy with the car men, as well as for the adjustment of grievances of their own, early today, the street car company sent for former Congressman Brigham H. Roberts and gave him plenary powers to come to any settlement with the men that would not involve formal recognition of the union. Mr. Roberts immediately met National Secretary C. O. Pratt, who told him the terms of the men. To these Mr. Roberts assented and the strike was over.

The demands of the men which were granted are a rate of 25 cents an hour for car men, 30 cents after the first year's service. The recognition of the union was not granted by the company.

When the car men's settlement was announced the electrical workers consented to let the matter of their demands go over for the present.

REFEREE WOOD SUSTAINED.

Exemption of $600 is Granted Kaleel Farrah After Long Contest.

After long contest by creditors, the federal court has sustained the ruling of Referee Sol A. Wood, of this city, holding that Kaleel Farrah, a bankrupt, is entitled to the $600 exemption provided under the law as a householder. Creditors of Farrah set up the objection that the bankrupt is not a householder and therefore not entitled to the exemption, but the court ruled otherwise, and the Citizens' Trust company, trustee in bankruptcy, has been directed to pay over to him the amount of the exemption.

Creditors of John W. Morgan, a Fremont bankrupt, have filed objections to his release from his indebtedness.

ITALIAN IS HANGED.

Man Who Killed Wife Executed in Pennsylvania.

Easton, Pa., April 30.—Joseph Boccia, an Italian, was hanged here today for the murder of his wife. In March of last year Boccia, who had lain in wait for her for several hours, met his wife as she came from a silk mill, where she was employed and shot her dead. She had refused to live with him and this refusal together with the fact that she had repeatedly told him she preferred the companionship of American men to that of an Italian caused him to become jealous and commit the crime.

MURDERER TO BE HANGED.

Slayer of Thirteen-Year-Old Girl Found Guilty in Nebraska.

Lincoln, Neb., April 30.—A special to the Star from Grand Island, Neb., this morning says that John Hamlin, who has been on trial for several days for the murder of Rachel Engle, of that city, has been found guilty of murder in the first degree, with punishment fixed at hanging. Miss Engle was thirteen years old and Hamlin more than a year ago wanted to accompany her to a carnival. She resisted his attentions and he shot her. She died several months later as a result of the wound.

SEAL CATCH SMALLER.

Season Has Closed After Much Snow and Ice.

St. Johns, N. F., April 30.—The sealing season closed today with a catch estimated at several thousand lower than that of last season. Twenty-three steamers engaged in the hunting this year, and in every instance reported unusually severe ice and weather conditions. Several of them were caught in the ice for weeks at a time and two of the six steamers at present remaining out are still enmeshed in the ice floes of the Gulf of St. Lawrence. The extensive ice floes have made access to the rookeries very difficult and this season's catch is estimated at 240,000 as against 348,000 last year.

HOPE TO PREVENT STRIKE.

Cool Heads in Frisco Car Men's Union Are Busy.

San Francisco, April 30.—The conservative element in the car men's union is engaged in a contest to prevent the midnight meeting which is to be held in the Central theater tonight from being stampeded by hot heads who may try to force a strike vote.

A committee representing the older men in the employ of the company has been making a canvass of the union members on the cars and in the car barns in the interests of peace. It requires a two-thirds vote to declare a strike and if a secret ballot be taken there is little question about the result. But the men will vote first on the manner of taking the strike vote—whether by ballot or by a rising vote—and this question will be decided by a majority.

SUBMITTED TO ARBITRATION.

Metal Trades Will Be Fair on Question of Hours of Labor.

San Francisco, April 30.—The California Metal Trades association, made up of eighty-four employers of metal trades workmen, at a fully attended meeting last night concluded, after a lengthy discussion, to leave the question of hours to a board of arbitration. No names were suggested, it being the opinion of the employers that this detail should be left to a joint conference between the employers and employes.

The offer to arbitrate as made by the metal trades association will be received by the conference committee of the iron trades council today and placed before the locals tonight and tomorrow night at the several meetings scheduled.

DEAFNESS CURED.

The new treatment for ear diseases introduced by Dr. Wells is producing most gratifying results. He is curing many cases that have resisted all other treatments. This treatment will cure ten to one more cases of discharging ears than the old method of treating these cases. The following is an example of many similar cases treated by Dr. Wells: "I had a discharging ear for several years, following an attack of the measles. It was accompanied by deafness, pain in the head and unpleasant noises in the ears. I was cured by Dr. Wells in a short time. The discharge stopped after the third treatment, the noises and pains ceased, and I can now hear as good as I ever could.

THE "UPSIDE-DOWN" MINSTRELS

Begin Practice for Saturday Night's Performance at the Majestic.

The "Upside-Down" Minstrels will go into practice again this evening to prepare for the reproduction of its program at the Majestic theater on next Saturday night. Taking into consideration the intention of many of their patrons to see the performance a second time, the directors have decided to add several new specialties so that the play, without losing any of its good features, will be largely recast. E. J. Wefel, whose illness forbade his appearance last week, will sing the oriental bit, "Polly San," with a novel chorus accompaniment as a curtain raiser and will also be with the company in part second to tell the story of "Two Little Girls Who Loved One Little Boy." The Euclid quartet has a new bunch of songs also, and Charley Dunn has changed his specialty, "Egg-I-See," for a new one entitled "Go-to Soo."

Oberchaine and Schreve, the darkey comedians, have such an extensive repertoire that they cannot at the present time decide what to give, but their appearance is guaranteed and that is enough. In the chorus additional voices have been added to meet the capacity of the Berry street playhouse and there are to be several new solos.

Contrary to the general impression the decision of the directors to repeat the performance at the Majestic came as the result of an urgent request from Manager Rice, who is always on the alert to give to his patrons the best that can be had. The young men feel highly flattered over this unexpected tribute to their ability, the more so in that it was entirely unsolicited and came as a pleasant surprise just as they were considering the advisability of reproducing the entertainment at their own hall.

MAKING A CLEANING IN KANSAS CITY, KANSAS

State Receivers Seize and Lock Up All the Joints in the Place.

Kansas City, Mo., April 30.—The three receivers appointed by the Kansas supreme court, accompanied by men from the offices of the sheriff and the attorney general made the rounds in Kansas City, Kan., today and took possession of all property believed to be owned by the indicted brewing companies.

At each place visited the keys to the buildings were taken by the receivers, the doors locked and a notice tacked up stating that they were in possession. It was a comparatively easy matter to locate the places as Assistant Attorney General Trickett who had been carrying on an anti-liquor crusade in Wyandotte county for a year past, had made out a list of all brewery property.

"The brewers have sought to conceal the real ownership of the property," said one of the receivers, "by transferring the title to employes and agents. We know who they are, however, so there will be no difficulty about that."

GUTTERS MAY RUN LIQUOR.

State Cannot Sell, So Will Destroy Seized Stocks.

Topeka, Kan., April 30.—"As the state cannot sell liquors, will it not be the duty of the court to empty into the gutters the beer and whisky seized by the brewery receivers?" was asked of Attorney General Jackson today.

"That is a question that the courts will be called on to decide, I think, before the matter is settled, and I do not care to anticipate their decision," replied Mr. Jackson. "However, from what I can learn owing to the nearness of the state line there will be little property in the hands of the brewery receivers which cannot be disposed of in a paying way.

"Most of the property is fixtures and real estate."

FATALITY ON SCENIC LINE.

Boiler Explodes on Cranberry Lake Road, Killing Two Men.

Watertown, N. Y., April 30.—Two men are dead and five others are injured as the result of a boiler explosion on the Cranberry Lake railroad yesterday.

The fireman, John Storms, and a peddler were killed. Bert Keyes, engineer; William Reynolds, paymaster, and three members of a fishing party were injured.

The engine, which worked by cogwheel, with nine flat cars, was ascending a steep grade when the explosion occurred. The peddler, who was riding on the first car, was blown the entire length of the train and instantly killed. Engineer Keyes landed on the bank several yards above the engine. Storms died en route to the hospital.

MUCH DAMAGE BY STORM.

Memphis, Tenn., April 30.—A special from Covington, Tenn., says a wind and electrical storm there last night did damage to the amount of $10,000. Several small houses and sheds suffered damage. The three sheds of the Compress company were demolished. There was no loss of life.

THIRTY-EIGHT LOTS SOLD.

Chicago Market.

Chicago, Ill., April 30.—Continued wet weather in Kansas induced renewed selling of wheat in the local market today and caused further decline in values following the sharp break yesterday. Pit traders and longs sold freely. July opened unchanged to ½c lower at 82c to 82¼c and sold off to 81¾@81¾c. Minneapolis, Duluth and Chicago reported receipts of 575 cars against 729 cars last week and 249 cars a year ago.

For July wheat the low point was reached at 81c. The market became firmer during the last half hour and closed fairly steady. The final quotation on July was off ⅝@⅞c at 81⅜@81¾c.

The corn market opened steady on firm cables, but soon eased off on selling brought out by the weakness of wheat. Cash interests and local longs were the principal sellers while commission houses took most of the offers. July opened unchanged to ⅛c higher at 49⅜c to 50c and sold off to 49⅝c. Local receipts were 276 cars.

The corn market was weak until late in the day, July selling down to 49⅛@49⅜c. There was some recovery late in the session, but the close was easy with July ⅜@½c lower at 49⅜@49½c.

Oats were easier because of improved weather conditions for the growing crop. July opened unchanged to ⅛c higher at 41⅞c to 42c and sold off to 41⅝c. Local receipts were 257 cars.

There was only a light trade in provisions and the market was easier, owing to the weakness of grain. July pork was off 5c to 7½c at $15.75 to $15.77½. Lard was unchanged to 2½c higher at $8.75 to $8.77½. Ribs were a shade lower at $8.67½.

STOCKS AND BONDS.

The Day on Wall Street.

New York, April 30.—The first transaction in stocks carried prices upwards. The gains were generally small, but the dealings were on a liberal scale compared with the recent average. Very heavy blocks of Union Pacific and St. Paul changed hands. Great Northern preferred rose a point and Northern Pacific, Reading, Ontario & Western and New York Central large fractions. Canadian Pacific fell ¾.

A substantial demand prevailed for the western railroad stocks for a while, under which the market rose further. Union Pacific did not share proportionately in the advance, and when realizing forced it a fraction below yesterday's closing, the rest of the list fell back. The market rose afterwards to highest of the hour and again fell back slightly. The best prices indicated gains of 2 in Union Pacific preferred, Northern Pacific and St. Paul, 1¾ in Great Northern preferred, 1½ in Reading, 1⅜ in New York Central and 1 in Delaware & Hudson, Atlantic Coast Line, Kansas & Texas, Amalgamated Copper and Smelting.

A handful of stocks were advanced again but continuous realizing in Union Pacific, which carried it down a point and heaviness in United States Steel threw a damper on the movement. Minneapolis & St. Louis rose 1¾ and Chicago Great Western preferred B 1⅜ while Illinois Central fell 1. Bonds were irregular.

The market was very dull at midday. St. Paul reacted to 137¾. United States Express yielded 3 points.

Room traders were unable to move the list either way. The market for the greater part of the afternoon was in a rut, but just before 2 o'clock Union Pacific recovered its loss, Delaware & Hudson increased its gain to 3⅛ and Northwestern advanced 2¾.

The market closed easy. Union Pacific rose to 148¾, the highest of the day and also since the great decline. The general list hardened in sympathy but did not recover to the same level as in the morning. American Locomotive preferred sold at an advance of 5 and American Linseed preferred 2½. When Union Pacific slipped back to below last night the market responded again on very dull trading.

Day's Happenings in the Industrial World

NICKEL PLATE HEADS COMING.

President Canniff and Manager Johnston Will Be Here Tomorrow.

A special train bearing Nickel Plate officials will leave Cleveland tomorrow morning for a trip over the Western division of the line. In the party will be President W. H. Canniff, General Manager A. W. Johnston, Superintendent of Transportation W. L. Blair, Trainmaster E. S. Kirby and other division officials and they will reach Fort Wayne some time in the afternoon and ma yremain over night here. This is the regular spring inspection trip of the officials.

BIG FOUR EARNINGS.

System Show Handsome Increase in the Year 1906.

Indianapolis, April 30.—One of the showings made before the state tax board by the Big Four railroad was with reference to the net earnings of the Peoria and Eastern road, a Big Four line. Frank L. Littleton, an attorney for the Big Four, told the board that the P & E. east, which runs from Indianapolis to Springfield, Ohio, showed last year a decrease of $117,912 from the previous year, while the P. & E., west, which runs from Indianapolis to Perola, Ill., showed for the same time an increase in net earnings of $171,000. Other divisions of the Big Four which are in Indiana showed decreases as follows: Chicago division, $42,442; White Water division, $768; Michigan division, $19,887. Increases were shown as follows: Indianapolis division, $150,000; St. Louis division, $268,000. The total net increase for the road, however, was over $300,000.

Mr. Littleton asked that the board allow the road's assessment to stand at the figures fixed last year. This assessment ranges from $5,000 to $30,000 a mile.

ASK REDUCTION OF ASSESSMENT

Nickel Plate Claims it Pays Too Much In Taxes.

F. B. Carpenter, who represents the Nickel Plate, appeared before the Indiana state tax board yesterday and requested a reduction of assessment against that railway company from $45,000 per mile to $25,000, claiming that the former figure was too high and an injustice to the company. He said that last year the road carried 770,000 passengers and the preceding year 1,010,000, a falling off of 331,000 in number and decrease in passenger earning of over $50,000. He attributes this loss in part to the two-cent per mile fare law in Ohio. Mr. Carpenter stated that the rolling stock of the company was valued at $1,700,000 and that the cost of repairs on it last year was $1,600,000, nearly as much as the value. Mr. Carpenter says that the road has some competition from the trolley lines in Ohio, but does not believe the electric lines are alone responsible for the great falling off in passenger business last year, as the same electric lines have been in operation several years.

CONTRACTS HAVE BEEN LET.

Men Who Will Build Electric Power Plant Are Named.

Yesterday the contracts for the erection of the addition to the power plant building at the Fort Wayne Electric works were signed by the proper parties and ground for the improvement will be broken this week. Henry Hilgemann will do the carpenter work, Ferdinand Meier the iron structural work and Wehringburg & Busching will have charge of the masonry work. The equipment was described in these columns yesterday.

TO TALK OF EXCURSION.

This evening the excursion committee of the Relief Union of the Fort Wayne Electric works will probably decide upon an excursion point for the annual outing of the association and the families and friends of the members. A partial canvass of the shops has not resulted in a decided preference for any one point. Among the resorts named as aceptable to the shopmen are nearly all the summer resorts within reach of Fort Wayne, included being Cedar Point, Belle Isle, Bawbees, Wawasee and Rome City. The excursion committee will select one from this list.

INSTALLING POWER STATION.

S. P. Hirsch, J. J. Snook and M. D. Parks, who are taking the students' electrical course with the Fort Wayne Electric works, will assist in the installation of the sub-station at Delphi, Ind., of the Lafayette-Logansport extension of the Fort Wayne and Wabash Valley road. They left for Delphi at noon today and tomorrow they will take up their work.

PASSENGERS TO BE SEATED.

Supt. J. C. Sullivan, of the Wabash, has called attention to the fact that some of the employes of the company have been in the habit of occupying seats in crowded trains while passengers who have paid for that privilege are compelled to stand up. There is a rule governing this matter which provides that employes riding on free tickets shall not occupy seats until all paid passengers have been accommodated, and Mr. Sullivan requests the observance of this rule. Ladies are not included, of course.

WABASH GAIN FOR THE YEAR.

The Wall Street Journal announces that the Wabash will show a gross increase for the fiscal year of $2,000,000 to $2,500,000 and a net increase of between $1,000,000 and $1,500,000. The operating ratio will average the same as that of the previous fiscal year. President Delano says the Wabash settled the wage question with its men independently and did it better than the other roads. The company's payroll is between $9,000,000 and $10,000,000, and the increase in wages is $600,000.

INDUSTRIAL NOTES.

Capt. F. H. Whitney, of the Electric works, is sick and off duty today.

Edwin H. Harrison and William Boyle are new brakemen on the Nickel Plate.

O. D. Eicher and W. Suelzer have resigned their positions at the Wabash shops.

Brakeman F. L. Anderson, of the Nickel Plate, is visiting relatives in Van Wert.

Val Ewing, who was hurt last week, resumed his duties in the Pennsylvania erecting shop this morning.

E. M. Smith, a Nickel Plate switchman, has been transferred to the road service as a freight brakeman.

Dr. E. F. Wagner, of the Pennsylvania Voluntary Relief association, went to Kalamazoo on business this morning.

William Harkenrider, foreman of the laborers at the Bass machine shop, is confined to his home by sickness.

Motorman E. E. Hayes, of the city lines, is on duty again after an absence on account of sickness of a month.

J. E. Smith, a hammersmith at the Wabash shops, has been off duty two or three days on account of the sickness of his wife.

Chief Surgeon J. M. Dinnen, of the Nickel Plate, announces the appointment of Dr. W. S. Leiter surgeon at Claypool for the company.

Electrician Ed Lechleitner has returned from Cleveland where he spent nine weeks in installing machinery in the Pennsylvania company's power plant.

M. O. Brown is a new employe at the Bass blacksmith shop. Fred Horstman and H. H. Liniger, machinists, took positions at the Bass shops also this morning.

Engineer F. M. Jamey and Fireman F. W. Spencer, of the Pennsylvania, are off duty, the former on account of sickness and the fireman on account of an injured thumb.

William Hilliker has returned from Chicago, where he went last week to attend court as a witness in a case in which the Pennsylvania company is one of the interested parties.

Dr. Schafer, of Huntington, was in the city yesterday and took his son, Claim Clerk Schafer, of the Wabash, home last evening. The young man has been sick three or four days.

Machinist Fred Piper, who has been employed at the Wabash shops a half century, is absent from his duties today on account of sickness. Charles Eichoff is also sick and off duty today.

Travel westward was unusually heavy today on account of this being the last day for colonist rates. The Nickel Plate ran its No. 1 train in two sections and every car was filled with passengers.

J. Ernsberger, an employe of the street car company, sustained a crushed finger yesterday while assisting in handling some heavy planks. He has gone to the hospital to remain until he is able to resume work.

Engine 7067, of the K2S type, will be here Friday or Saturday to be given a tryout in hauling heavy and fast passenger trains over the Western division of the Pennsylvania. This is the mammoth passenger engine described by the Sentinel some time ago.

The absentee lists at the Pennsylvania shops this morning contained the following new names: A. J. Schirmeyer, F. X. Miller, John Moring, R. R. Hall, J. W. Koch, John Stevens and W. F. Snyder. All are sick.

Blacksmith Isaac Sorg, of the Pennsylvania shops, sent word to the foreman this morning, that, owing to the arrival of a baby daughter at his home last evening, he would not be able to report for work for a day or two. It is the first child in the family and the parents are proud and happy over her advent.

The old Hanna street school building, which will be the home of the Boss Manufacturing company is pretty nearly ready for its occupants and the move into it will probably be made next week. The new quarters will be a great improvement over the old.

Mr. and Mrs. A. S. Johnson, of Ottawa, O., are here for a short visit with relatives and friends. Mr. Johnson is a train dispatcher on the C., H. & D. and being in poor health has obtained a ninety days' leave of absence, which he will spend in the west. He will leave Monday for Los Angeles, Cal.

New engines for the Missouri Pacific continue to pass through this city daily. So far seventeen have gone and it is said that thirty-three more of them will go before the 15th of May. These engines were built by the Baldwin works and are said to cost $18,000 each. They are delivered to the purchaser at St. Louis.

Foreman Ed Ehinger, of the Wabash shop yards, whose working force has been inadequate for some weeks, is gradually increasing the number of men and will soon have all that is needed. This morning the following new men were given employment in his force: C. Fleck, A. Haas, F. Wynkoop, F. Sessler and F. Brinker.

Bellevue Gazette: "The shortage of crews on the west end of the Nickel Plate which has been caused by the Indiana eight-hour rest law, has forced the company to place east end conductors and crews on the work trains. Conductor Belson and crew now have charge of the spot engine at the sand pit, west of town, and Conductor Leonard and crew have charge of the shifting train."

Frank Sweringen, who has been looking after some business matters at Grand Rapids and Manistee, Mich., a few days, stopped off last night en route to his home to spend the night with his parents, Dr. and Mrs. H. V. Sweringen. Frank now holds a responsible position with the Sweets-West Stable Car company, Chicago. He was employed in the Pennsylvania shops for several years.

Mrs. Chrisholm, whose husband has been employed as a machinist in the Great Northern shops at Everette, Wash., since last fall, left over the Nickel Plate at noon today for that city, where the family will reside in the future. Mrs. Chrisholm is accompanied by her mother. Other passengers on the noon train were Mr. Wagner, of Baker street, who is going to Los Angeles to reside, and C. D. Campbell and daughter, who are going to Echman, N. D., to spend the summer.

The men injured in the Collett wreck on the G. R. & I. Sunday are getting along nicely and will soon be out and at work again. Mr. Hayes, whose injuries were the worst, is getting along better than expected, indicating that his wounds are not as serious as thought on the day of the accident. A dispatch from Richmond, the home of Mrs. Mary Goins and Mrs. Simpson Oxendine, state that they, too, are getting along finely. Mrs. Goins had an ankle sprained and Mrs. Oxendine had three ribs broken.

Edward Romy, night yardmaster of the Wabash, has been advised of the serious illness of his brother, Frederick Romy, of Canton, O., who was operated upon yesterday for appendicitis. The sick man is a veteran of the war of the rebellion and was a comrade in the army of Amos Walters, of this city. Mr. Romy had made arrangements to attend the state encampment, but it is quite doubtful if he will be able to come on account of his illness.

Upwards of fifteen of the older employes at the Rolling Mills—all Roumanians and Hungarians—have notified the management that they will resign the latter part of May to return to their native country, possibly to remain.

DISGRACED; COMMITS SUICIDE.

Former Soldier Charges Act to Unmerited Dismissal From Army.

New York, April 30.—Charging his act to the disgrace attending a dishonorable discharge from the United States army, which he declared unmerited, a soldier who died under the assumed name of "George Sturm" Sunday committed suicide by asphyxiation in a little room he had rented in Fifty-fifth street.

He had told his landlady that he had been out of work for six months, but that want had no part in his suicide was shown by the fact that he left bank books showing deposits of over $600. This money Sturm left by will to the Society for the Prevention of Cruelty to Animals.

He also left a letter addressed to the coroner in which he says: "The disgrace of my unjustified dishonorable discharge made it impossible to secure a suitable position. Friends or relatives I do not have—at least in this country—and since my name is not the original one nobody will care."

THEATER DEAL IS CLOSED.

Kansas City, Mo., April 30.—A deal was closed here last night by which O. D. Woodward, president of the Woodward & Burgess Amusement company, have purchased the stock of W. T. Burgess, of Omaha, the vice president. The sale gives Mr. Woodward control of the company which owns leases on five theaters, the Willis Wood and the Auditorium in Kansas City, the Grand Opera House in Sioux City, Iowa, and the Boyd and the Burwood theaters in Omaha. By the terms of the sale, Mr. Woodward will control all the theaters, except the Burwood, which goes to Mr. Burgess.

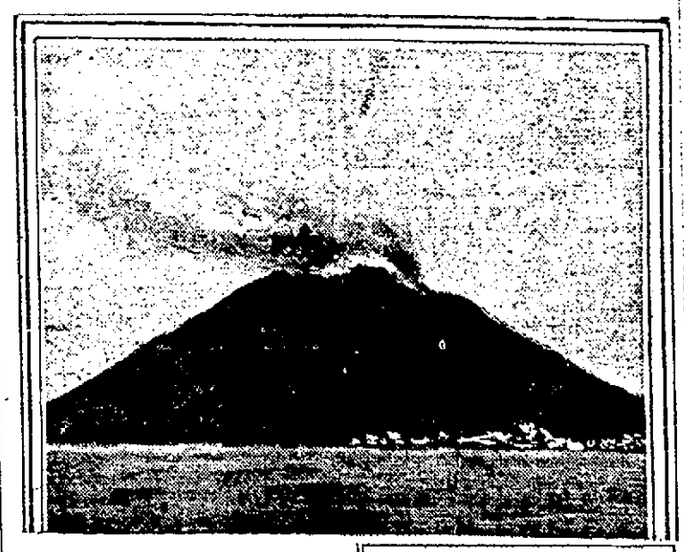
Stromboli in Violent Eruption.



MAP SHOWING LOCATION OF THE ISLAND OF STROMBOLI

Naples, April 30.—A dispatch from Stromboli reports that the volcano has developed sudden activity. About half-past nine o'clock this morning there was a tremendous report, which had the effect of breaking all the windows in the vicinity. This was followed by a hail of cinders and stones to the great terror of the inhabitants. Immediately afterward streams of lava began to flow down the east side of the mountain, completely destroying the vineyards in their path. Several peasants who were at work on the slopes of Stromboli at the time are missing and it is feared they were overtaken by lava and killed.

GEN. M'GINNIS COMING; SAYS HIS SINGING DAYS ARE OVER

Special Committee Seeks to Stimulate Subscriptions for Encampment.

Among the acceptances received from distinguished veterans who have been given special invitation to attend the state encampmont of the Grand Army of the Republic in Fort Wayne in May is that General George F. McGinnis, former postmaster of Indianapolis, and for many years prominent in Indiana G. A. R. affairs.

General McGinnis writes the local committee expressing his appreciation of the invitation to come to Fort Wayne, and declares that he expects to be present. He stipulates, however, that he is not to be placed on the program for either a speech, a recitation or a song, explaining that while he always enjoys these meetings of the veterans, he is now 81 years of age and his "singing days are over." Congressman Adair, of Portland, has accepted the invitation to be present.

Headquarters have been arranged in room 4, Old High school building, for the splendid band from the Soldiers' and Sailors' Orphans' home at Knightstown, and this superb musical organization will be present. The Warsaw Militia company will also be here to participate in the big parade on Thursday of the encampment.

Seek to Boost Subscriptions.

A canvass of the financial situation to date shows that only $2,948.50 had been subscribed up to Saturday evening to meet the expenses of entertaining the encampment, which will not be less than $6,000. Today a special committee is making a round of the business houses seeking to stimulate the raising of funds, contributions to which have been thus far most disappointing. This special committee includes Mayor Hosey, P. A. Randall, H. A. Wiehke, Attorney W. C. Geake and Col. John A. Scott.

COMPLAIN OF RAILROADS.

Commerce Commission Hears of Excessive Rates Out West.

Omaha, Neb., April 30.—The interstate commerce commission began a session in Omaha this morning on complaint of the Omaha Cooperage company against the Nashville, Chattanooga and St. Louis and the Burlington railroad companies. The cooperage company complains of alleged unreasonable and excessive freight rates on cooperage materials from Tennessee to Omaha as compared with rates to Keokuk, Ia., and Alexandria, Mo.

Commissioner J. H. Marble is conducting the investigation.

The morning session was given over to the introduction of tariffs showing rates in effect, of freight bills and other papers of this class.

The session will probably end today.

STOVE FOUNDRY DESTROYED.

Lorain, O., April 30.—Fire of unknown origin late last night destroyed the plant of the National Stove company. The loss is estimated at $200,000, covered by insurance. Four hundred men are idle as a result of the fire.

"My wife sent a plugged quarter for a recipe for reducing weight."

"Did she get the required information?"

"Yes; they returned the quarter and told her to squeeze herself through the hole."

THROW SOME LIGHT ON $570,000 THEFT OF BONDS

Trustees of Looted Trust Company in New York Issue Statement.

New York, April 30.—At a meeting of the trustees of the Trust Company of America held yesterday afternoon a statement was issued that "securities of the market value of $570,000 were abstracted by the assistant loan clerk of the company." This statement was made public after the trustees had decided that the public should be informed of the full extent of the robbery effected by W. O. Douglass in cahoots with Broker O. M. Bennett.

Douglass had also placed a large bunch of negotiable paper in a spot where he could return and get it. It was learned that Douglass had removed the securities and hid them. He got cold feet after his sudden disappearance from the loan cage at 10:40 o'clock in the morning, and did not get away with any of the securities. The paper he laid away to take with him later is said to have been worth about $500,000.

President Explains Case.

President Oakleigh Thorne gave out this statement:

"The report of the examining committee made to the board of trustees of the Trust Company of America says that securities of the market value of $570,000 were abstracted by the assistant loan clerk of the company. All these securities except those of the value of $63,000 have been recovered. In making this recovery payments were made of $102,000 to various stock exchange brokerage firms who held the securities as collateral. This reduced the loss to $165,000, from which must be deducted the surety bonds of the clerk, amounting to $25,000. This further reduced the maximum net loss of the company to $140,000, which loss has been charged off. This last amount may be still further reduced through actions that will be instituted against those with whom the securities were pledged as collateral."

Will Turn on Light.

State Superintendent of Banks Charles V. Keep has arrived here. He said:

"We shall begin at once the examination of all securities of New York trust companies. Not only trust securities, but all securities will be looked into. The practice has been growing for New York banks to borrow large sums of money for western banks on securities sent on here. We have not in the past examined these, but shall do so in the future.

"I know a case of one little bank with a capital of $100,000 that has $10,000,000 in securities that were sent here from the Pacific slope."

CONDITION OF KANSAS WHEAT.

Topeka, Kan., April 30.—The condition of the Kansas wheat crop last week, according to a report issued by Secretary Coburn last night is 84 per cent on an area of 6,289,000 acres, remaining after about 300,000 acres have been abandoned for various reasons.

The report is the result of a painstaking analysis of statements made by one thousand observers over all portions of the state.

DO NOT MOVE YOUR OLD PIANO

Moving-time is often seized upon as a good opportunity to buy a new piano. To move a piano may mean an extra load and in many cases results in damage.

You can notify us when you are ready to have your old piano removed and we will issue a credit slip for its value, to be applied upon the purchase of a new piano when you are settled in your new quarters.

Thus you save the trouble and expense of moving the old piano or of storing it, and are assured of a new instrument that will be in every respect a credit to the new home.

The customer is thoroughly protected in this method of purchase at our store, because here all instruments are sold strictly on the one-price system. We offer the choice of a variety of standard pianos, uprights and grands, at a wide range of prices.

WHY BE WITHOUT MONEY

When you can get it for the asking? We loan to anyone without having some one else sign a note with you. We only ask you to pay it back a little at a time each week or month as we may agree. Some people are backward about calling the first time. Don't let that worry you. We have a private office where you can talk it over whether you borrow or not, and everything is private and confidential.

If you have never dealt with us it will pay you to call. You will like our methods as they are adapted to help you combine your debts and pay them all in one place. We offer an easy, convenient way to get out of debt.

WE TREAT YOU RIGHT AFTER YOU GET A LOAN AS WELL AS BEFORE.

$5.00 to $100 or almost any amount can be borrowed on your furniture, piano, horses, wagons and buggies, etc. All property is left in your possession, nothing moved. You only pay for the length of time you have the money. Interest stops when loan is paid.

TUESDAY, APRIL 30, 1907.

THE WEATHER.

Chicago, April 30.—Forecast for Indiana: Generally fair tonight and Wednesday; colder tonight with probable frost; rising temperature Wednesday.

CITY BREVITIES.

Louis Sherwin, of the Queen restaurant, returned yesterday from a business trip at Chicago.

Architects Mahurin & Mahurin have completed plans for the new $60,000 gymnasium at Purdue university.

Benjamin Diebold and Edward Schrader are at Logan, O., to attend the funeral of Mr. Diebold' brother.

Ed Shell, of this city, will erect a club house at Big lake in Whitley county for a number of local fishermen.

C. W. Orr, manager of the Aetna Life Insurance company for northern Indiana, was in the southern part of the state today on business for the company.

Earl Ramsey, Herbert Voorhees and Charles Carter, of the high school faculty, have returned from a meeting of the science teachers of the state at Indianapolis.

Capt. Charles Reese, of Montgomery street, is ill as the result of a general breakdown. He is a veteran of the civil war and the father of Capt. Charles Reese, of the Fifteenth infantry, U. S. A.

A number of the high school students have submitted essays in the G. A. R. contest for the best discussion on "Patriotism." The judges are Col. D. N. Foster, Rev. Samuel Wagenhals and John Morris.

Denver Moore, who was enlisted at the army recruiting office a few days ago, was sent to the barracks at Columbus, O., today. Mr. Moore has been in the service before, and will be assigned to the recruiting corps of this district.

The regular meeting of the Fort Wayne Medical society will be held tonight in the assembly room of the court house. Dr. Hermann A. Duemling, head physician at the Lutheran hospital, will read a paper on the subject of "Floating Kidneys."

John Goeglein, a well known farmer of St. Joe township, who suffered from a stroke of apoplexy two weeks ago, is in a very critical condition. Dr. H. A. Duemling was out to see him Monday and was unable to give him any encouragement. Mr. Goeglein is 59 years old.

The Decatur Packing company's representative here appeared this morning with a new wagon for the distribution of his orders. The company has been in the Fort Wayne field for a short time, but has been successful in obtaining a large amount of patronage from the meat retailers.

The members of Phoenix lodge, No. 101, Knights of Pythias, after the transaction of the routine business at the meeting last night, were entertained at a smoker by William P. Bidwell, chancellor commander, in observance of his birthday anniversary. Mr. Bidwell's mother prepared a lunch and sent it to the lodge rooms, which fact was unknown to her son until it was brought in by some of the lodge men.

Nervous Indigestion

The action of digestion is controlled by nerves leading to the stomach. When they are weak, the stomach is deprived of its energy. It has no power to do its work. If you want permanent relief, you must restore this energy. Dr. Miles' Nervine restores nervous energy, and gives the organs power to perform their functions.

"For many years I was an acute sufferer from nervous indigestion; at times I was so despondent life seemed almost a burden. I tried all kinds of remedies and various physicians with little or no relief, until one night last summer I saw Dr. Miles' Nervine and Heart Cure advertised. I resolved to make one more trial which I did in the purchase of one bottle of Nervine and one of Heart Cure. In a few days I began to feel better, which encouraged me so much that I continued the medicine until I had taken more than a dozen bottles. I am very much improved in every way; in body, mind and spirits since. I make a special point to recommend the medicine, and I feel a sincere pleasure in knowing that several persons have been benefited through my recommendations."
A. S. MELTON, Ashville, N. C.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

The Teddy Bears' Circus

The other day we received a large consignment of Teddy Bears. Our window decorator has taken them and cleverly arranged a "Teddy Bear Circus" in the East Window.

Here big bears, little bears and medium sized bears—brown, white and cinnamon—are seen going through the most daring, death-defying stunts of the regular circus. Rain or shine, the performance of this immense two-ring aggregation goes on all day long—chariot races, slack wire artists, jugglers and clows go gaily through their work and never mind it.

At the Juvenile Department these Teddy Bears are on sale at unusually low prices, from **50c, 89c, 98c Up to $2.00 Each.**

Bring the children down to see this circus—they will enjoy it.

Something New

The latest novelty is the Teddy Bear Emblem for Children's sleeves. They come embroidered in white and brown, and are used in place of the star and anchor emblems. See them at the Fancy Goods Department. Price 15c.

One You'll Like

Our "NO-SAG CURTAIN STRETCHER" is just what the name implies. Guaranteed not to sag and leave your curtains all awry and out of shape after drying. It's suitable for lace curtains or any other style; also for drying comforts and quilts, the pins being rust proof they cannot damage the fabric. The "NO-SAG" is both simple and effective. Place your stretcher on your lawn, mount your curtains after washing and the sun will do the rest. The price is $1.25. We have many other house furnishing devices that prove just as convenient. We aim to carry everything that is in demand. If we haven't got it, tell us and we'll get it for you. We are in the business to accommodate you. You can't trouble us.
